Board of County Commissioners Douglas County Government 100 Third Street Castle Rock, Colorado 80104

Commissioners Laydon and Teal:

Please accept for your review and consideration the 2025 Proposed Budgets for Douglas County Government (the County), Douglas County Law Enforcement Authority (LEA), Douglas County Woodmoor Mountain General Improvement District (GID), and Douglas County Local Improvement District (LID) No. 07-01 Lincoln Station.

These budgets have been prepared in accordance with all applicable Colorado State Statutes, Generally Accepted Accounting Principles (GAAP), the Board of County Commissioners' Core Priorities, and Douglas County Budget and Financial Policies.

This letter provides an overview of the 2025 Proposed Budget including projected revenues, expenditures, and reserves.

BUDGET OVERVIEW

The Proposed Budget for 2025 is \$608.6 million for all funds. Ongoing operating expenditures are \$282.0 million, one-time initiatives are \$229.0 million, and federal- and state-funded expenditures are \$58.4 million.

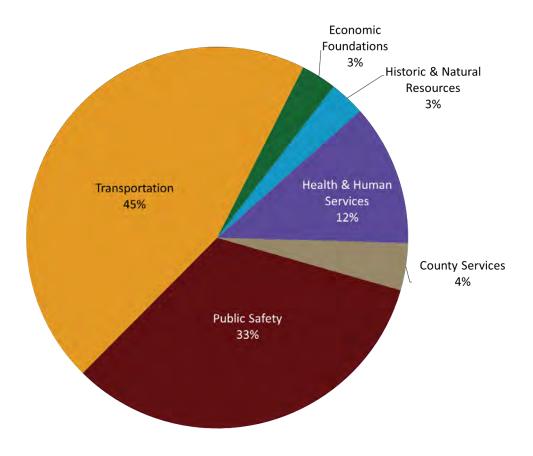

The 2025 Proposed Budget includes \$11 million for property owner tax relief as well as, \$10 million earmarked for future infrastructure needs. The operating portion of the budget is increasing by 5.9%, (or \$15.8 million), which is less than the percentage of population growth and 3-year average CPI (1.4% + 5.2% = 6.6%).

The 2025 Proposed Budget includes:

- \$73.6 million of new capital for roads including \$23.3 million for work on Hilltop Road
- Eight additional deputies for law enforcement (\$2.4 million)
- \$1.6 million for two Deputy Cadet Training Academies, with 12 participants each
- Inmate Medical Contract / Staffing Increase (\$1.0 million)

The budget is balanced for all funds and all funds meet the fund balance classifications set forth by accounting pronouncements, statute, and policy. The County has no debt.

This graph depicts the 2025 Proposed Budget alignment with the Board's Core Priorities.

DRIVING FORCES

The Board of County Commissioners' Core Priorities are the foundation for the development of the budget. These Core Priorities, along with citizen input, shape the 2025 Proposed Budget's major investments in Transportation, Public Safety, County Services, Historic and Natural Resources, Economic Foundations and Health and Human Services.

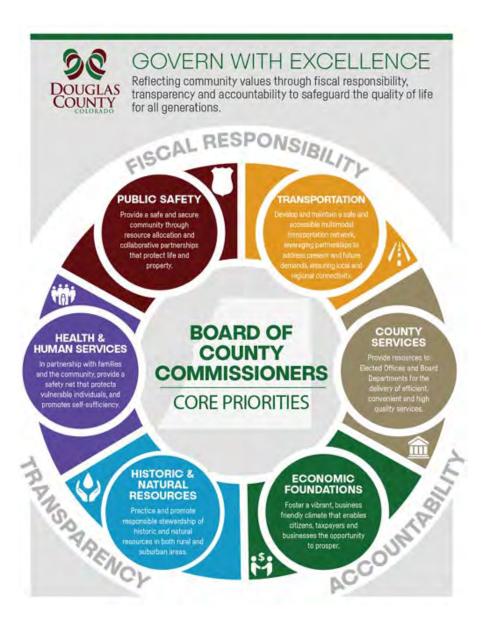

The Board's Core Priorities and fiscally conservative guiding principles play an important role in the development of the budget, providing a sound and balanced approach by:

- Avoiding raising fees or taxes
- Relying upon realistic revenue forecasts
- Maintaining stable reserves
- Improving the quality of services provided to our community
- Budgeting for one year, managing for two, and planning for five
- Matching ongoing revenues with ongoing expenditures

The following budget guidelines were used to develop the 2025 Proposed Budget:

- Continue capital investment throughout Douglas County to address traffic congestion, road infrastructure, and public safety priorities.
- Keep the cost of government down through costeffective purchasing, cash funding, outsourcing and contracting opportunities, and leveraging local funds.

- Continue emphasis on increased efficiency through technology.
- Maintain efficient staffing levels, with an emphasis on external service areas that directly impact Douglas County communities.

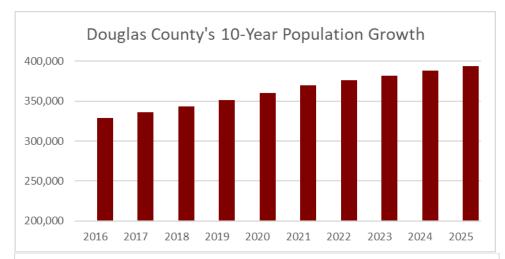

Economic Conditions

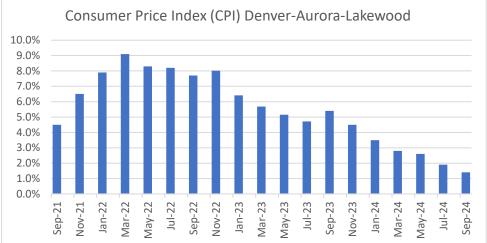

Douglas County's total population is estimated to be 393,751 as of January 1, 2025, and grow to 398,664 by December 31,2025. This represents 13 people moving to Douglas County every day. The County's unincorporated population is estimated to be 213,929 by January 1, 2025, and grow to 217,780 by December 31, 2025.

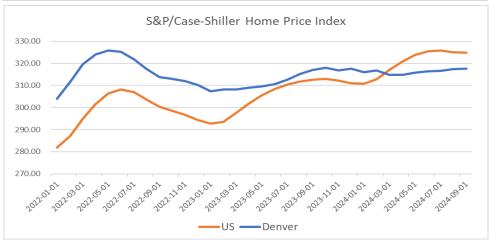

Economists are cautiously optimistic about Colorado's economy in 2025. They expect moderate economic expansion but note that growth may be slightly slower compared to previous years due to factors like receding inflation and interest rate reductions. Key industries such as real estate, energy, and healthcare are anticipated to play significant roles, with artificial intelligence also emerging as a transformative force in both business and education. However, increasing consumer debt, geopolitical uncertainties, and similar challenges could pose risks to the economic outlook.

In Douglas County, economists anticipate steady job growth driven by the key industries of healthcare, aerospace, and financial services. The County's robust employment base, which includes Charles Schwab, DISH Network, HealthONE and other major employers, is expected to support economic stability. Uncertainty surrounds housing costs coupled with geopolitical uncertainties are also expected to impact consumer spending and overall economic growth.

Economists are noting a moderate growth trend in the Denver S&P/Case-Shiller Home Price Index heading into 2025. While the index has shown consistent increases over the past few years, the pace of growth is expected to slow down compared to previous years. Factors such as higher mortgage rates, economic uncertainties, and affordability issues are contributing to this more tempered outlook. Some forecasts suggest a 2.6% home value growth for 2025, indicating a relatively slow but steady increase.

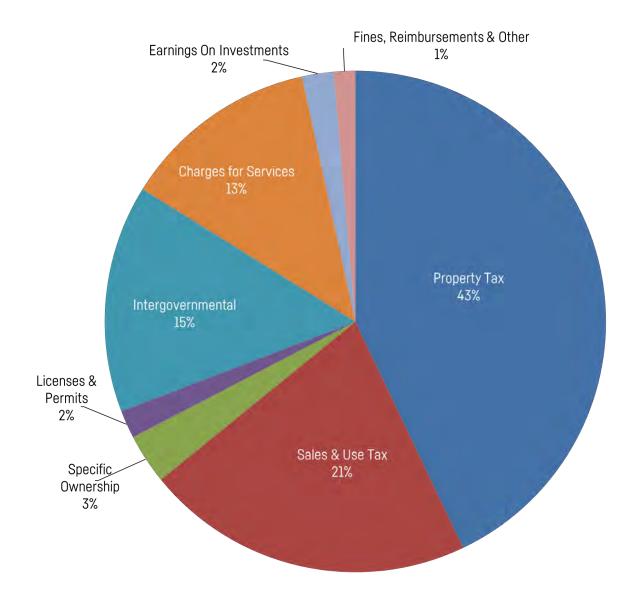

Revenues

Budgeted revenues for 2025 total \$518.9 million, representing a \$3.0 million (or, 0.6%) increase over 2024 adopted revenues.

Revenues are forecasted by reviewing actual-to-budget performance and applying a conservative, yet realistic, approach to trending the various individual revenue streams.

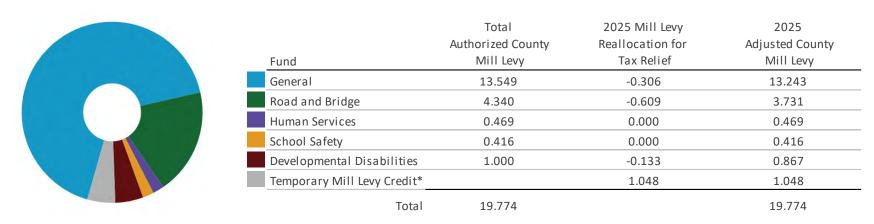

This chart depicts Douglas County's revenue sources. Property taxes fund the majority of operating expenses while sales and use tax funds mostly capital projects.

Property Taxes

Property taxes are the County's largest source of revenue and are used to fund general governmental operations. The County's mill levy is 18.774 mills which was set in 1992 and has remained the same since. In November 2001, voters approved an additional 1.000 mill dedicated for intellectual and developmental disability services. The Law Enforcement Authority Fund mill levy was also set in 1992 at 4.500 mills and has also remained the same since. The 4.500 mills is dedicated for law enforcement services and is assessed to the unincorporated portion of Douglas County. Total property tax revenues for the County are projected to be \$222.7 million in 2025.

The Proposed Budget reallocates the County's authorized mill levy by 1.048 (or \$11 million), to continue providing tax relief to Douglas County property owners through a temporary mill levy credit. The following chart details how the mill levy is reallocated to the various funds.

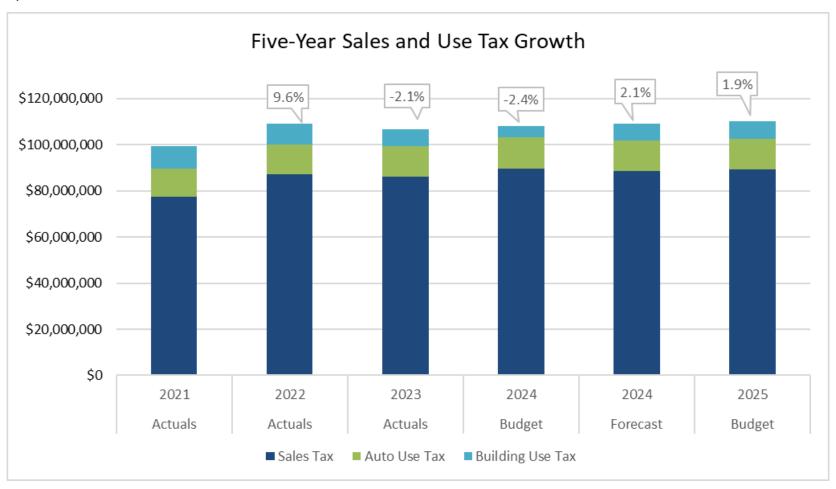

^{*} SB23-108 Allows a temporary reduction in property taxes for the purpose of tax relief.

Sales and Use Tax

Sales and use tax is the second largest revenue source and comes from the 1.0% sales and use tax within Douglas County. This source of revenue is restricted for specific uses by voters: 0.17% for the acquisition, preservation, development, and maintenance of open space lands, trail systems, parks, and historic sites; 0.40% for improvements and maintenance of County roads and bridges; 0.25% for the operation, maintenance, and construction of the Robert A. Christensen Justice Center; and 0.18% for transportation infrastructure within the County.

Over the past couple of years, Douglas County has experienced rapid growth in sales and use tax. However, collections in 2024 are signaling signs of the headwinds that economists have been forewarning. Pressures from inflation, higher interest rates, personal consumer debt, and insurance are major contributing factors for the Douglas County 2025 forecast. The following graph shows the five-year trend.

Other Major Revenues

Douglas County's other major group of revenues (excluding property and sales and use taxes) represent charges for services for building activity, document recording, motor vehicle activity, public safety charges and fees, recreational admission and usage fees, and treasurer's fees. This group of revenues is forecasted to be \$32.3 million. This represents a 2.8%, (or \$864,800), increase compared to the 2024 Adopted Budget. The following graph shows the five-year trend for each category.

Revenue Sharebacks to Municipalities

There are two types of sharebacks to municipalities: property tax sharebacks and sales tax sharebacks. Property tax sharebacks are distributed quarterly to incorporated municipalities that are located in Douglas County. The shareback is based on 50% of the assessed valuation of each municipality multiplied by the Road and Bridge Mill Levy, which is 3.731 mills after accounting for tax relief of 0.609 mills.

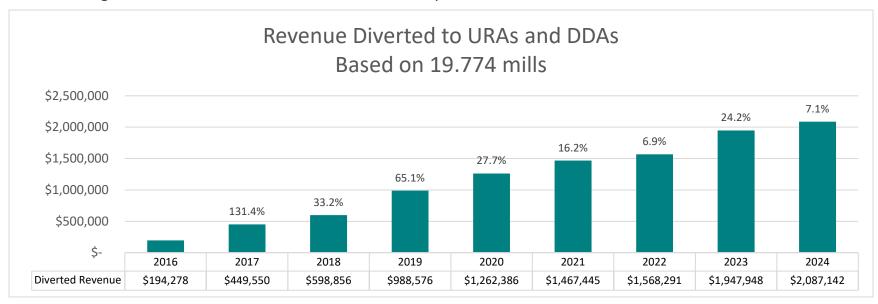

Sales tax sharebacks come from the Road portion (0.40%) and the Open Space portion (0.17%). The Road Sales and Use Tax shareback is based on 75% of the Roads Sales and Use Tax collected within the wholly incorporated towns and cities' boundaries, excluding Park Meadows Shopping Centre in Lone Tree. The Open Space Sales and Use Tax was extended by voters in November 2022. This extension changed the shareback calculation going forward to 20% of collections, allocated based on the population of wholly incorporated municipalities at the time of the extension. The Open Space Sales and Use Tax sharebacks for 2023 were 22.1% of the total Parks and Open Space Sales and Use Tax collected.

2023 Sharebacks to Municipalities	Total Sharebacks	Road and Bridge Shareback (Property Tax)	Roads Sales and Use Tax .40%	Open Space Sales and Use Tax .17%		
		(% of Total Collected)	(% of Total Collected)	(% of Total Collected)

		2025 Adopted Budget - 9				

Tax Increment Financing (TIF) Impact on County Revenue

Within Douglas County, there are seven Urban Renewal Authorities (URAs) and Downtown Development Authorities (DDAs), which are designed to eliminate blighted areas within cities and towns. These authorities utilize tax increment financing (TIF) to pay for capital improvements to mitigate blight. Recently, two additional TIFs have been established in Castle Pines and Lone Tree. The first URA became active in tax year 2009.

For the budget year 2025 (tax year 2024), TIF is estimated to increase 7.1% over tax year 2023, resulting in \$2,087,142 of ongoing revenues being directed to these authorities instead of the County.

Total Assessed Value for All TIFS (105,549,800) X Douglas County Mill Levy (19.774)/1000 = Diverted Revenue (\$2,087,142)

2025 PROPOSED BUDGET

guiding principles requiring the pairing of ongoing revenues with ongoing expenditures.

Expenditures

The 2025 expenditure budget is \$608.6 million. The operating portion of the 2025 Budget is projected to increase by 5.9%, (or \$15.8 million), which is less than the percentage of population growth plus the 3-year CPI average (1.4% + 5.2% = 6.6%).

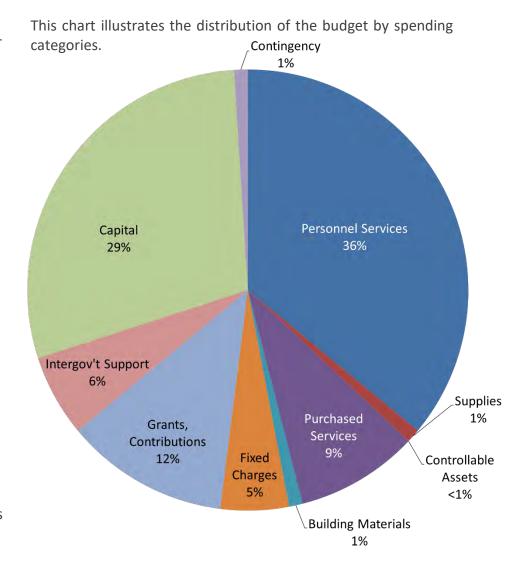

The 2025 Budget includes \$11.0 million of property tax relief which will be provided by a temporary mill levy credit on property owner's 2024 tax bills.

One-time initiatives equal \$229.0 million and include:

- \$191.7 million for roads
- \$8.7 million for parks, open space, and recreation
- \$7.1 million for public safety
- \$5.0 million for future infrastructure needs
- \$16.6 million for facilities maintenance, vehicle replacement

Federal-and state-funded expenditures equal \$58.4 million and are increasing by 10.3%, (or \$5.4 million), due to increases in Human Services federal and state allocations.

New budget requests for 2025 are detailed within individual fund summaries that follow and are consistent with the Board's

Board's Initiatives Included in 2025 Budget

Board's Initiatives Included in 2025 Budget

Throughout the year, the Board of County Commissioners discuss and approve initiatives. Funding for these initiatives is included in the 2025 Budget but are not itemized. Following is a list of these initiatives that are continuing into 2025.

• Year-round Camping

Open Space and Natural Resources (OSNR) staff is working to open a pilot camping program at Sandstone Open Space. Staff has located an area that is located towards the middle of the property to reduce conflicts with surrounding neighbors. At this time, 5-10 primitive campsites are proposed. The cost of the pilot program is anticipated to be between \$150,000 -\$200,000, which includes an additional staff member for OSNR. In addition to having an additional staff person, a camp host is also recommended. In 2025, funding will come from the Parks and Open Space Sales and Use Tax Fund.

• Douglas County Welcome Signage

Public Works Engineering has allocated \$1 million to install various types of signage at entrance points to Douglas County. Smaller roads will have Type 1 and 2 signs while I-25 will have a Type 4, monument style sign.

• Link Expansion into Highlands Ranch

Link on Demand is a free shuttle service that provides on-demand rides within a specific boundary. Douglas County will be expanding this service into Highlands Ranch in 2025 and has set aside \$3 million to do so.

Lansing Point

In 2024, Douglas County entered into a lease for additional office space in the Meridian area. The County's lease includes an option to purchase this real estate at any point between third and fifth year of the lease. Beginning in 2025, Douglas County has reserved \$5 million in committed fund balance toward the future purchase of this strategically located structure.

• Biochar Facility

In 2025 the Board will invest up to \$3M to enable the operation of a biochar facility in Douglas County. The facility will allow trees and limbs removed from public and private lands for wildfire mitigation to be converted to biochar, an economically viable soil amendment. The County will enter into an agreement with a vendor to provide the service which will also be combined with a slash and mulch drop-off facility.

The following initiative are funded with Douglas County's American Rescue Plan Act (ARPA).

Unity on Park Deferred Loan

This project is a deferred loan agreement between Douglas County and Unity on Park Street LLLP, a partnership between Wellspring Community and the Douglas County Housing Partnership. In March of 2023, Douglas County conveyed the former La Quinta hotel located at 884 Park Street in Castle Rock to Wellspring Community for conversion of the property into affordable apartments for individuals with intellectual and developmental disabilities. As contemplated in the MOU between the parties, Unity on Park Street LLLP is responsible for a \$3.4 million repayment to Douglas County, payable upon securing sufficient funding from state affordable housing grants and other sources to complete the project. This agreement will restructure \$500,000 of Unity on Park Street's obligation into a 30-year deferred loan and allow repayment of the remaining \$2.9 million obligation to Douglas County. The deferred loan is necessitated by inflationary cost increases for lumber and other materials incurred by the project over the course of its renovation.

Wildfire Mitigation Cost Share Program

In 2025, Douglas County will again invest \$500,000 in its Wildfire Mitigation Cost-Share Program. This popular program helps residents and communities mitigate private land against the risk of wildfire. This program aims to increase the pace and scale of private wildfire mitigation efforts, overcome financial barriers to completing mitigation, and build community capacity across Douglas County by matching up to 50% of the cost of wildfire mitigation on private land.

Louviers Water and Sanitation District

This project provides \$2 million of additional grant funds to the Louviers Water and Sanitation District (LWSD). The funds will be used to construct the next phase of the LWSD distribution line replacement project. The project will replace approximately 2,750 feet of distribution line serving homes in the northern portion of Louviers near Triangle Park, as well as residences along Louviers Blvd. The project phase is substantially designed and shovel ready.

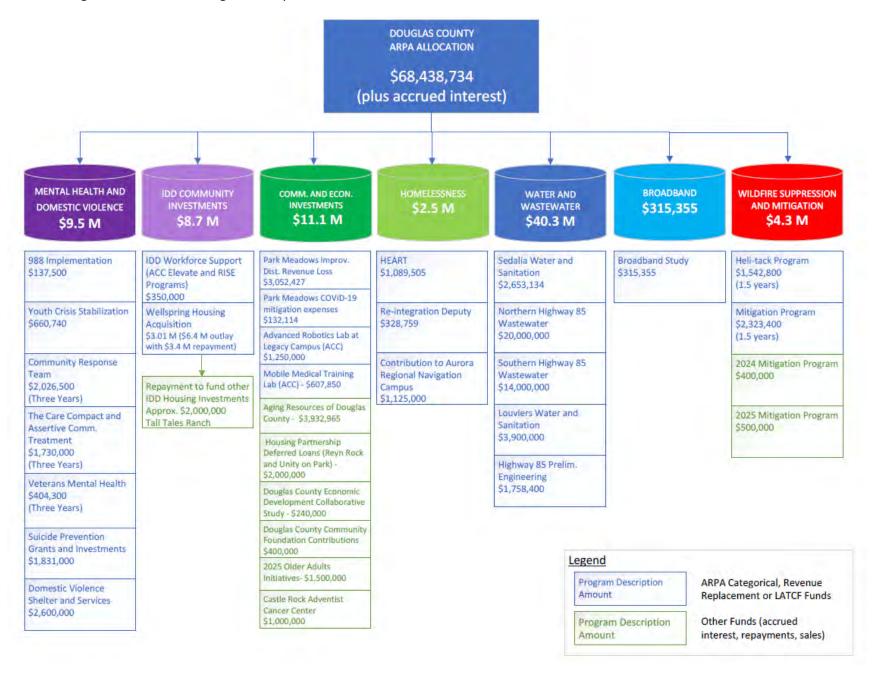

Castle Rock Adventist Cancer Center

The Board of County Commissioners has authorized a \$1,000,000 contribution to the Castle Rock Adventist Hospital Foundation for establishment of a cancer center. The funding will assist the hospital in bringing cancer care to central and southern Douglas County. The 50 new medical surgical jobs created and 69 additional jobs generated by this new cancer center will have significant economic and fiscal benefits in addition to the public benefit derived from the availability of additional cancer care to County residents.

Older Adults Initiative

Douglas County will allocate \$1.5 million to its Older Adults Initiative in 2025. This investment will provide \$700,000 in new transportation services, \$192,000 in new housing support programs, \$270,000 of in-home services, and \$350,000 in information, resource, and benefit navigation services to older county residents.

The following chart shows how Douglas County has allocated the full amount of ARPA.

Compensation and Benefit Costs

As with most service organizations, public or private, the salary and benefit portion is the largest expense within the operating budget. Maintaining a competitive, market-based, pay-for-performance total compensation package for employees is critical to recruiting and retaining a high-performing workforce. The County follows fiscally conservative principles in designing our compensation and benefits which includes the following tenets:

- No pension liability
- Non-union
- No retiree healthcare liability
- No sick leave cash-out upon leaving County employment
- Pay-for-performance based merit increases
- No Cost-of-Living Adjustments (COLA)
- No bonus structures
- Established market-based pay structure at the 50th percentile

Photo: JA Ranch in the autumn.

Compensation

During 2024, wage growth across the nation began to move downward slightly, although the Denver Metro area continues to be a very hot market. Year over year, wage growth in the Denver area was 5.8%, much higher than the national average. The 2025 Proposed Budget includes a 4% merit pool and 0.75% high-performer pool based on surveying the local public-sector market. To stay competitive, the decision was made to reduce the Deputy tier program from seven to six tiers. Douglas County is now consistent with the average number of tiers of other jurisdictions in the region. Merit and tier adjustments will result in an ongoing cost increase of \$7.2 million for 2025.

Benefits

In the initial year of our recent change to United Healthcare (UHC), Douglas County has had good claims experience, despite the Choice Plus plan not being cost effective. The Choice Plus plan has remained a high-priced option resulting in a recommendation to eliminate this plan and direct the impacted employees to the Doctors Plan or the High Deductible Health Plan which provides more choice and a broader network. Employees across all plans will have a \$8 - \$30 monthly premium increase, resulting in no plan level being more expensive than \$137/month.

Several other benefits were negotiated to result in a net zero-cost impact. These include tuition reimbursement, life insurance, retirement vesting schedule, Health Savings Account (HSA) contribution, and improvements to the Delta PPO+ plan.

Staffing

In 2024, a total of 23.0 FTEs were added. The following chart details where positions were added.

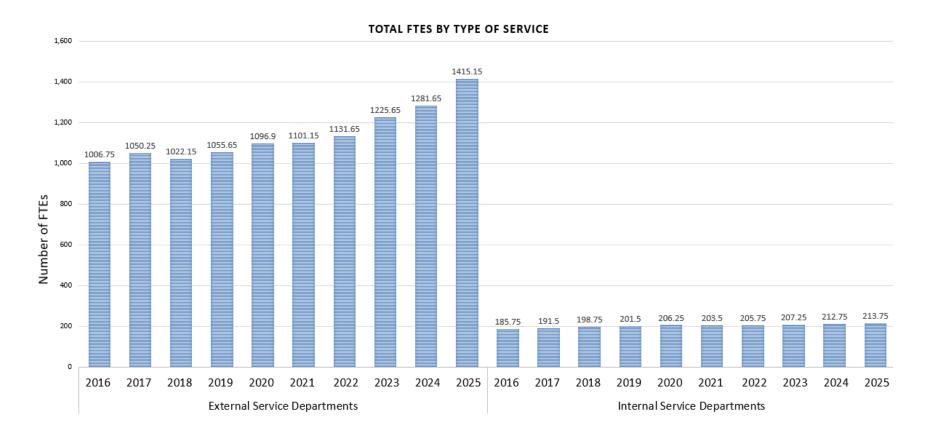

2024 Staffing Changes

Ten-Year FTE History (External vs. Internal Services)

In reviewing growth since 2016, most FTE positions have been added to areas of the County that provide direct services to the citizens. During this period, there has been an increase of 48.8% in external service areas, with 15.1% growth related to internal service departments.

Note: Internal service departments include Budget, County Administration, County Attorney, Facilities, Fairgrounds, Finance, Fleet, Human Resources, Information Technology, and Public Affairs.

MAJOR FUNDS

General Fund Highlights:

The General Fund, which is the largest and most diverse of all the County funds, accounts for a wide variety of services and functions. Revenues in the General Fund for 2025 are projected to increase 12.3% or \$19.1 million. The main increases are property taxes (\$15.1 million or, 13.3%), Intergovernmental (\$1.5 million or, 289%), Licenses & Permits (\$706,000 or, 9.1%) and Charges for Services (\$1.1 million or, 4.2%)

The 2025 Proposed Budget is \$190.5 million, an increase of 3.0% (or, \$5.6 million) over the 2024 Adopted Budget. There are \$6.1 million in recommended new requests, \$3.2 million of which are ongoing requests.

Key initiatives include:

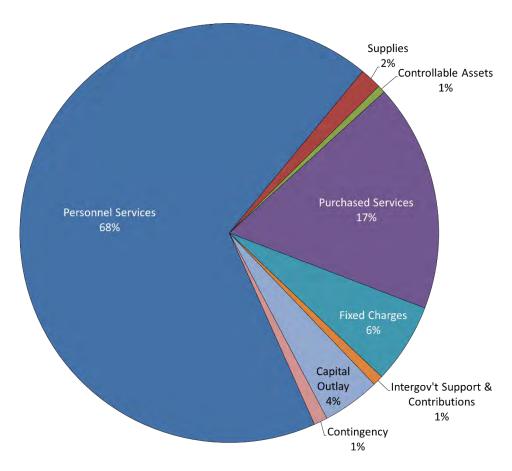

- Sheriff's Deputy Cadet Training Academy for 24 attendees (\$1.6 million)
- Two Criminal Justice Records Act Specialists (\$237,200)
- Emergency Management Wildland Fire vehicle (\$290,000)
- Inmate Medical Contract / Staffing Increase (\$1.0 million)
- Reclass five Detention Specialist to Deputies (\$462,600)
- Fleet Light-Duty Mechanic (\$111,200)
- Seed money for purchase of Lansing Point, 11045 East Lansing Circle (\$5,000,000 reserved in Committed Fund Balance)

The General Fund is a funding source for new requests in the Law Enforcement Authority Fund. The transfer for 2025 is \$7.8 million and increase of \$3.4 million (or, 77.3%) over the 2024 Adopted Budget.

The 2025 Proposed Budget contains the list of other requests related to various operating needs with detailed explanations.

The graph below shows the primary expenditure categories for the General Fund.

General Fund Spending Categories

Road and Bridge Fund Highlights

The primary revenue sources accounted for in this fund are Property taxes, auto ownership taxes, and highway user taxes, which, for 2025, are expected to generate \$39.2 million, \$14.8 million, and \$11.0 million, respectively. In addition to ongoing funding for operational expenditures related to road maintenance, traffic services, and snow removal, this fund also expends \$8.9 million in property tax sharebacks with the municipalities located within the County.

This fund's primary focus is road and bridge maintenance and includes both County-performed and contracted maintenance. Maintenance projects include asphalt and concrete repair and replacement; paving high-traffic gravel roads; stormwater and drainage management; traffic signals repair and replacement; and pedestrian safety. Contracted repair and maintenance are budgeted at \$22.0 million.

Other major budget requests and initiatives for this fund include:

- \$4.5 million for storm drainage and stormwater projects
- \$1.3 million for equipment replacement
- \$2.6 million to buy-out the leases of seven motor graders and one loader
- \$100,000 for school and pedestrian safety projects

A complete list with detailed explanations of projects can be found in the 2025 Proposed Budget for this fund.

Road Sales and Use Tax Fund Highlights

The Road Sales and Use Tax Fund accounts for 0.40% of the County's 1.0% sales and use tax used for infrastructure improvements related to roads and bridges. The voters approved extending this sales and use tax in November 2007, and it became effective January 1, 2011. The extension included a shareback provision for all wholly incorporated entities at the time of the election. The Road Sales and Use Tax is collected within the incorporated boundaries of the Town of Castle Rock, the Town of Larkspur, the Town of Parker, and the City of Lone Tree (excluding Park Meadows Shopping Centre). The extension also modified the amount of the shareback from 100% of collected roads sales and use tax within the boundaries to 75% of the collected roads sales and use tax. On January 1, 2012, the County began sharing back with the City of Castle Pines.

Revenues for 2025 from this dedicated sales and use tax are projected to be \$44.0 million, resulting in forecasted sharebacks totaling \$12.6 million. The major projects include:

- Hilltop Road Design and Construction (\$6.0 million)
- US 85 Improvements, Titan Parkway Interchange (\$4.0 million)
- County Line Road, Holly to Broadway (\$4.5 million)
- Pavement Management Program (\$4.0 million)
- Traffic Engineering Studies (\$2.0 million)

A complete list with detailed explanations of projects can be found in the 2025 Proposed Budget for this fund.

Transportation Infrastructure Fund Highlights

This fund was created as a result of voters approving ballot question 1A on November 5, 2019. The fund will account for monies generated from 0.18% of the County's 1.0% Sales and Use Tax and will be used for transportation-infrastructure improvements to alleviate traffic congestion. The 2025 Proposed Budget projects revenues to be approximately \$19.8 million. The major projects include:

- Hilltop Road and Singing Hills Improvements (\$17.3 million)
- Colorado Bike Pedestrian Bridge C-470 (\$1.0 million)
- Transit and Multimodal Study (\$1.0 million)

A complete list with detailed explanations of projects can be found in the 2025 Proposed Budget for this fund.

Law Enforcement Authority (LEA) Fund Highlights

The LEA Fund's primary funding source comes from a dedicated 4.500 mills paid by property owners within the unincorporated areas of Douglas County and is used to provide law enforcement services in unincorporated areas of the County. Property taxes revenues are forecast to be \$26.0 million in 2025, which is a decrease of 1.1% (or, \$298,885) over the adopted 2024 budget. The 2024 Adopted Budget included backfill from SB22-238 equaling \$744,185.

The 2025 Proposed Budget includes six additional patrol deputies, one deputy for traffic, and one deputy for the Impact Unit (\$2.4 million), funded through a transfer from the General Fund.

District Attorney – 23rd Judicial District Fund Highlights

In 2020, House Bill 20-1026 became law, creating the 23rd Judicial District.

The new 23rd Judicial District (JD) was created by the departure of Douglas, Elbert, and Lincoln counties out of the 18th Judicial District. Starting in 2025, the 18th Judicial District will include only Arapahoe County. In November 2024, voters in the new 23rd Judicial District elected a new District Attorney (DA). The new DA will be sworn in on January 14, 2025, officially creating the first new judicial district in the State of Colorado since 1965. This new judicial district, while smaller, will still be among the five largest judicial districts in the state.

For multiple years, all four counties in the 18th Judicial District have been working with the existing DA's Office and the State of Colorado to prepare for this split without disrupting services to our citizens.

The employees of the new 23rd JD, District Attorney's Office will become employees of Douglas County. A new fund has been set up to account for revenues and expenditures associated with the DA's operations.

The creation of the 23rd Judicial District DA's office has been accomplished without costing taxpayers more than it would have cost under the 18th JD structure.

The 2025 Proposed Budget includes funding for additional staffing needed to comply with HB24-1355 as well as staffing for a new courtroom in Douglas County. Detailed explanations are included in the 2025 Proposed Budget for this fund.

School Safety Fund Highlights

This fund was created mid-2019 to account for the \$13 million from the General Fund unassigned fund balance. Today, this fund accounts for the Sheriff's Office School Resource Officer (SRO) program. The SRO program is funded in partnership with the Douglas County Government, the Douglas County School District, and various charter and private schools within Douglas County.

Douglas County's portion of the funding comes the General Fund mill levy that was redirected in 2020 to provide for ongoing funding. In 2025, property tax revenues are forecasted to be \$4.4 million. An additional transfer of \$200,000 from the General Fund is also necessary. The funding from the school partnerships is \$3.4 million for 2025.

The 2025 Proposed Budget includes an ongoing increase in the uniform budget to upgrade to new more durable uniforms.

Justice Center Sales and Use Tax Fund Highlights

The Justice Center Sales and Use Tax Fund accounts for 0.25% of the County's 1.0% sales and use tax and is for the ongoing operations, maintenance, and construction of the Robert A. Christensen Justice Center.

Sales and use tax revenues are projected to be \$27.5 million. The major expenditure shown in this fund is the transfer to the General Fund, which equals the full 0.25% generated by the sales and use tax which extends in perpetuity and defrays the cost of operations paid from the General Fund. The available fund balance is also used to offset General Fund one-time expenditures in accordance with the ballot language. The current available fund balance is projected to be \$3.1 million at the end of 2024.

The other major requests for this fund that will utilize the available fund balance are improvements to:

- External Building Maintenance (\$355,000)
- Internal Building Maintenance (\$1,192,500)
- Security Camera Upgrade and Replacement (\$245,200)
- Interior Office Improvements (\$362,100)

A complete list with detailed explanations of requests can be found in the 2025 Proposed Budget for this fund.

American Rescue Plan Act Fund Highlights

This fund was created in 2021 to account for the Federal American Rescue Plan Act monies. Douglas County received the first of two installments in 2021. The second installment was received June 22, 2022; both installments equal \$68,217,033. The Board has seven core investment priorities for spending these funds.

- Mental and Behavioral Health
- Intellectual and Development Disabilities (IDD)
 Community Investments
- Homelessness
- Water and Wastewater Investments
- Community and Economic Investments
- Broadband
- Wildfire Suppression and Mitigation

The County has a website with additional information https://www.douglas.co.us/board-county-commissioners/transparency/arpa-american-rescue-plan-act/.

Parks and Open Space Sales and Use Tax Fund Highlights

The Parks and Open Space Sales and Use Tax Fund accounts for 0.17% of the County's voter-approved 1.0% sales and use tax. Initially approved by voters in November 1994 and most recently extended by voters in November 2022, the sales and use tax will sunset on January 1, 2039. Revenues are designated for the acquisition, administration, planning, development and construction, operations, and maintenance of parks, trails, historic resources, and open space.

Sales and use tax revenues are projected to be \$18.7 million. These revenues are now allocated as follows: 28% to open space acquisitions, 20% to open space operations and maintenance, 28% to parks operations and maintenance, 4% to historic resources management, and 20% will be shared back to wholly incorporated entities at the time of the election (i.e., Castle Pines, Castle Rock, Larkspur, Lone Tree, and Parker) allocated based on population. Sharebacks are forecast to be \$3.7 million.

The County is currently revamping the process for prioritizing projects funded by the Parks and Open Space Sales and Use Tax. No projects have been identified at the time of adoption.

Conservation Trust Fund Highlights

In accordance with Colorado State statute, this fund accounts solely for the proceeds allocated to the County from the Colorado State Lottery Fund, estimated to be \$1.6 million for 2025. These funds may be used only for the development and maintenance of parks, trails, open space, and other recreational facilities.

In 2025, the major project for this fund is the replacement of the main playground and the current restroom and concession building at Highlands Heritage Regional Park for \$2.7 million.

Health Fund Highlights

Douglas County established a single-county health department in 2022, following the departure of Adams and Arapahoe counties from the district Tri-County Health Department. Funding comes from a variety of federal and state grants, charges for services, and county property tax that is transferred from the General Fund.

The 2025 Proposed Budget recognizes revenue from state allocations (\$241,943), charges for services (\$959,296), and the property tax transfer from the General Fund (\$2,106,435) and corresponding expenditures. Revenues and corresponding expenditures from grants awards will be recognized in 2025 as the awards are received. This will be done through supplemental budget appropriations, which are adopted through resolution at a public hearing. This is a departure from the previous year, which also recognized federal and state grants that were anticipated. As a result, the budget that will be adopted for 2025 is much smaller.

Capital Expenditures Fund Highlights

This fund pays for routine maintenance on all County facilities except for the Justice Center. In 2021, additional monies were transferred into this fund to pay for future County facilities maintenance, which will be exhausted in 2025. Options are being researched to provide ongoing funding for County facilities maintenance. Maintenance in the amount of \$1,033,450 will be funded with the remaining available fund balance. A complete list with detailed explanations of maintenance requests is included in the 2025 Proposed Budget for this fund.

Human Services Fund Highlights

Funding for the programs and services provided by the Human Services Department comes from a portion of the County's mill levy (\$4.9 million) and from various federal and state grants (\$53.2 million). The 2025 Proposed Budget reflects \$37.1 million appropriated for direct payments to qualified participants (which includes \$23.0 million in food assistance benefits that are 100% federally funded), and \$9.5 million in client services, such as child welfare and childcare support services.

Human Services programs are mandated by the State of Colorado. Increases in the state's funding allocations require a larger County funding match. The 2025 Proposed Budget allocated .060 mills from the Road and Bridge Fund as increases in services are attributed to incorporated areas of the County. There are no new requests for this fund.

Developmental Disabilities Fund Highlights

Revenues recognized in this fund are generated from a 1.0 mill property tax approved by the voters in 2001 and is expected to produce \$9.1 million for 2025. Through an interagency agreement, the County remits more than 90% of these funds to Developmental Pathways, Inc., Douglas County's regional provider. These funds support programs and services for the special needs of citizens with intellectual and developmental disabilities. The remaining funds are then dispersed by the County through its Developmental Disabilities Grant Program.

East-West Regional Trail

RESERVES & BASIS OF ACCOUNTING

As the budget is developed, attention is focused on each fund's reserve balance to ensure it can absorb the proposed recommendations. The guiding principles that prescribe the use of the County's fund balance are to:

- Seek opportunities to maximize impacts to our communities
- Leverage funds by partnering
- Use cash funds versus incurring debt
- Maintain adequate fund balance to withstand economic fluctuations
- Prepare for emergencies

The County's fund balance policy outlines appropriate fund balance levels necessary to conform with legal requirements. These levels also help to maintain a strong financial position. The County has met its TABOR requirements, which specify that 3% (\$10.4 million for County funds and \$751,000 for the LEA Fund) of operating expenditures must be reserved for emergencies.

Basis of Budgetary Accounting

The basis of accounting refers to the specific time at which revenues and expenditures are recognized in accounts and reported in financial statements.

The budgets for the County, Law Enforcement Authority (LEA), Woodmoor Mountain GID, and Lincoln Station LID are all presented on a modified accrual basis, which is consistent with Generally Accepted Accounting Principles (GAAP). Under modified accrual accounting, revenues are recognized as soon as they are both measurable and available. Expenditures are recognized when the liability is incurred. Governmental funds' financial statements are also presented on a modified accrual basis of accounting. However, the government-wide financial statements and the proprietary funds' financial statements are presented on a full accrual basis of accounting, which means all transactions and events that affect the total economic resources (net assets) during the period are reported. Under the full accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time an obligation (liability) is incurred, regardless of the timing of related cash inflows and outflows. Fiduciary funds use the accrual basis of accounting.

CONCLUSION & ACKNOWLEDGEMENTS

The budget process is one of the County's most significant undertakings each year. The process creates opportunities for dialogue and priority setting in each Elected Office and Department in the County.

The success of this process is a direct reflection on the efforts of the many participants in the process including the Board of County Commissioners, other Elected Officials, Department Directors, and the numerous staff throughout the County who dedicate an extensive number of hours to work through the budget development process.

With a structurally balanced budget there are still a significant number of budget requests that were not able to be funded. This Proposed Budget seeks to maximize efficiencies and enhance the quality of services to the citizens of Douglas County while remaining fiscally conservative.

We sincerely appreciate the hard work and dedication of all who make this important task possible, especially the members of the Budget Department.

We are pleased to present this 2025 Proposed Budget as our County's financial plan for 2025. We believe this budget reflects our commitment to fiscal stewardship, as well as our resolve to focus on the implementation and achievement of the Board of County Commissioners' core priorities.

Over the past six weeks, we have spent many hours working with the Board of County Commissioners to fully discuss and evaluate this Proposed Budget before its adoption on December 10, 2024.

Respectfully submitted,

Douglas DeBord County Manager Martha Marshall Budget Director Kim Hirsch Asst Budget Director

Douglas County, Colorado At-A-Glance

Location:

Virtually in the geographic center of Colorado, Douglas County is approximately 844 square miles of striking natural beauty from its mountains, foothills, and plains. It is located between Colorado's two largest cities, Denver, and Colorado Springs.

Elevation:

Elevation ranges from 5,400 feet in the northeast corner of the county to 9,836 feet at Thunder Butte in the Pike National Forest.

Incorporated Municipalities:

Aurora (portion), Castle Pines, Castle Rock (County seat), Larkspur, Littleton (portion), Lone Tree, and Parker.

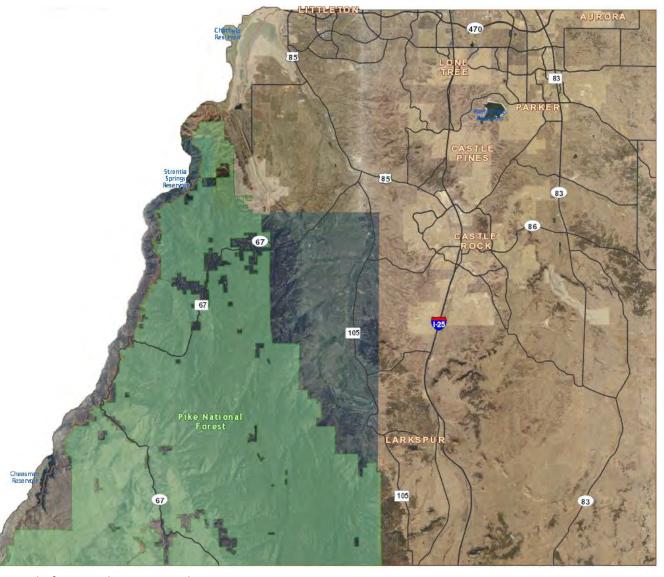

Form of Governance:

The County is governed by a threemember Board of County Commissioners elected at-large by county citizens.

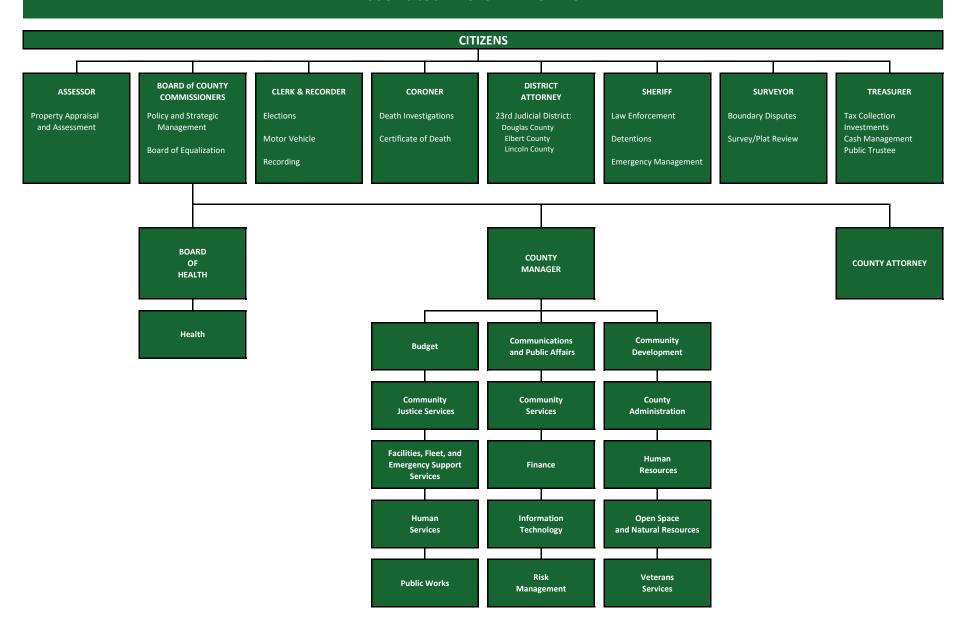

Year of Incorporation:

1861: The Colorado Territorial

Session Laws created Douglas County, named after Stephen A. Douglas.

DOUGLAS COUNTY FUND STRUCTURE OVERVIEW

Note: This schedule only reflects funds that are budgeted.

Fund Definitions

Governmental accounting is based upon fund accounting. Each separate fund has a unique purpose and must be self-balancing. As required by statute, governmental funds have a spending focus and include:

General Fund

The General Fund is used to account for all resources associated with traditional government functions that are not required legally or by sound financial-management practices to be accounted for in another fund. As the County's main operating fund, the General Fund accounts for general County operations such as public safety, planning and zoning; parks and recreation; tax assessments and collection; motor vehicle licensing; elections; finance; and administration.

<u>Fund Name</u>	<u>Fund Number</u>
General	100

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds derived from sources that are legally restricted to be expended for a designated program or specific purpose.

<u>Fund Name</u>	<u>Fund Number</u>
Road and Bridge	200
Human Services	210
Developmental Disabilities	215
Health	217
Law Enforcement Authority (LEA)	220
School Safety	221

Justice Center Sales and Use Tax	240
Rueter Hess Recreation Area	245
Parks and Open Space Sales and Use Tax	250
Conservation Trust	260
Lincoln Station Sales Tax Street Improvement	265
Solid Waste Disposal	275
Woodmoor Mountain General Improvement District (GID)	280

Fund Definitions

Special Revenue Funds (continued)

<u>Fund Name</u>	<u>Fund Number</u>
Rocky Mountain High Intensity Drug Trafficking Area (HIDTA)	295
American Rescue Plan Act (ARPA)	296
Property Tax Relief	297

Capital Projects Funds

Capital Projects Funds are used to account for the financial resources used to fund maintenance and equipment replacement as well as to acquire or construct major public capital facilities and improvements.

<u>Fund Name</u>	<u>Fund Number</u>
Capital Expenditures	330
Local Improvement District (LID) Capital Construction	350
Capital Replacement	390

Internal Service Funds

Internal Service Funds are proprietary funds that are used to account for the financing of goods or services provided by one county department or agency to other departments or agencies on a cost-reimbursement basis.

<u>Fund Name</u>	<u>Fund Number</u>
Employee Benefits	620
Liability and Property Insurance	630
Medical Self-Insurance	640

Property Taxes

Douglas County

Douglas County is a governmental taxing entity empowered to levy its own property taxes. The total mill levy for the 2025 Douglas County Budget is 19.774 mills. A 1.000 mill dedicated to persons with intellectual and developmental disabilities was approved by voters in 2001. Revenues for property taxes budgeted in 2025 are levied in December 2024. The county, municipalities, school districts and various forms of special districts are all taxing entities. A mill levy is a tax rate of 1/10 of a cent. A tax rate of 1 mill per thousand means \$1.00 of tax per \$1,000 of assessed value. The mill levy set by the taxing entity is applied to the assessed value of the property, thus generating property taxes.

Mill Levy Distribution - Douglas County 2025 Budget

	Total	2025 Mill Levy	2025	
	Authorized County	Reallocation for	Adjusted County	
Fund	Mill Levy	Tax Relief	Mill Levy	
General	13.549	-0.306	13.243	
Road and Bridge	4.340	-0.609	3.731	
Human Services	0.469	0.000	0.469	
School Safety	0.416	0.000	0.416	
Developmental Disabilities	1.000	-0.133	0.867	
Temporary Mill Levy Credit*		1.048	1.048	
Total	19.774		19.774	

^{*} SB23-108 Allows a temporary reduction in property taxes for the purposes of tax relief.

Statutorily, Douglas County is required to shareback the Road and Bridge mill levy with all incorporated jurisdictions within the County. The jurisdictions that receive a shareback are Aurora, Castle Pines, Castle Rock, Larkspur, Littleton, Lone Tree, and Parker. The shareback is 50% of the assessed value within the incorporated boundaries times the mill levy.

Law Enforcement Authority

The Law Enforcement Authority (LEA) levies a property tax of 4.500 mills to those in unincorporated areas of the County.

Woodmoor Mountain General Improvement District (GID)

The Woodmoor Mountain General Improvement District (GID) is a special taxing authority created for the purpose of maintenance and improvement of roads in the Woodmoor Mountain District. On November 2, 1993, a referred measure was passed at an election to allow the district to extend a mill levy on the assessed value of the District to generate \$10,000 in general property tax revenue in 1994, increasing by an amount not to exceed 5.5% thereof annually in the following years. The Woodmoor Mountain GID mill levy for 2025 is 7.694 mills.

Sales and Use Taxes

Тах	Amount	Beginning Date	Sunset Date
Parks & Open Space Sales & Use Tax	0.17%	January 1, 1995	January 1, 2039

Use: Dedicated for the acquisition, administration, planning, development and construction, operations, and maintenance of Parks, Trails, Historic Resources and Open Space.

Funds are shared at the rate of 20% of total collections multiplied by the population of the wholly incorporated municipality divided by the total population of eligible municipalities except no municipality shall receive less than \$15,000 in annual funding. Population is based on the latest data available from Colorado Department of Local Affairs, State Demography Office.

In November 1998, the voters extended the sunset date from January 1, 2009 to January 1, 2024.

In November 2022, the voters extended the sunset date from January 1, 2024 to January 1, 2039.

Road Sales & Use Tax	0.40%	January 1, 1996	December 31, 2030
----------------------	-------	-----------------	-------------------

Use: Dedicated for the improvement and maintenance of County roads and bridges.

Funds are shared with the municipalities of Castle Pines, Castle Rock, Larkspur, Lone Tree and Parker, at the rate of 75% of all collections on point of sales within the municipality boundary.

In November 2007, the voters extended the sunset date from December 31, 2010 to December 31, 2030.

Justice certer suies a ose rux	Justice Center Sales & Use Tax	0.25%	January 1, 1996	Perpetui
--------------------------------	--------------------------------	-------	-----------------	----------

Use: Dedicated for the construction, operation, and maintenance of the County's Robert J. Christensen Justice Center and related facilities.

In November 2007, the voters extended the sunset date from December 31, 2010 to December 31, 2020 for 0.13% of the tax, the remaining 0.10% that was to sunset on December 31, 2010 will now remain in perpetuity along with the existing 0.20% for ongoing operating costs.

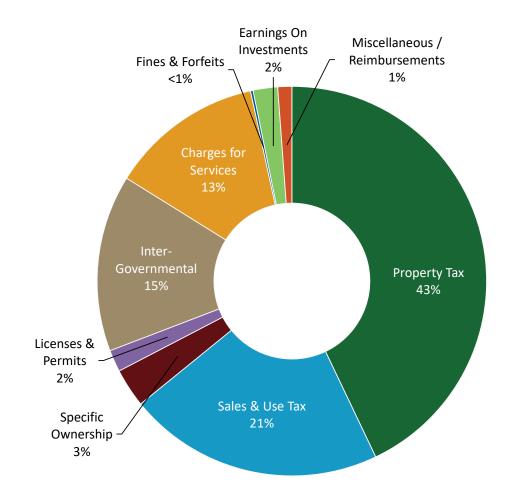

In November 2019, the voters redirected 0.13% due to sunset December 31,2020 and 0.05% in perpetuity to transportation and infrastructure effective January 1, 2020.

Transportation Infrastructure	0.18%	January 1, 2020	Dacambar 31 3035
Sales & Use Tax	0.16%	January 1, 2020	December 31, 2035

Use: Dedicated for transportation infrastructure within the county.

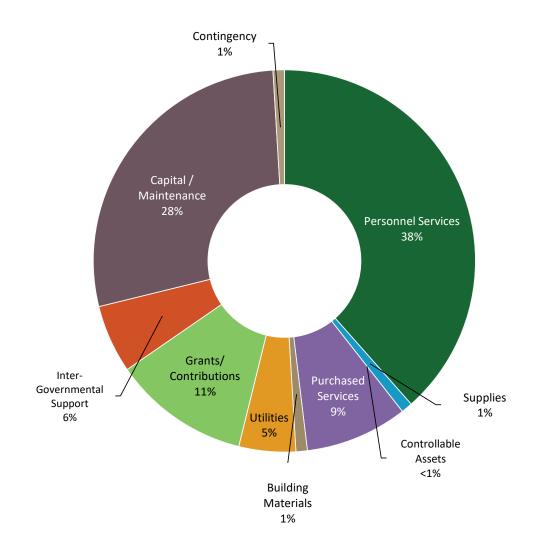

In November 2019, the voters approved redirecting 0.13% of Justice Center Sales & Use Tax due to sunset December 31,2020 and 0.05% in perpetuity to transportation Infrastructure effective January 1, 2020; 0.05% will remain in perpetuity for transportation infrastructure and 0.13% will sunset December 31, 2035.

GENERAL FUND

\$2,920,700 One-Time; \$3,202,993 Ongoing; and \$200,900 Offsetting Revenues

BOARD OF COUNTY COMMISSIONERS

Colorado Counties, Inc. - \$1,010 Ongoing

The budget includes ongoing funding for the annual dues increase for fiscal year 2025.

CLERK AND RECORDER

Postage and Delivery Base Budget Increase - \$111,450 Ongoing Due to the consistent increases in postal rates implemented by the United States Postal Service, the Clerk and Recorder needs a base budget increase to continue to serve constituents who complete transactions online rather than visiting the County office.

Temporary Help - Elections - \$25,000 One-Time

Additional clerical staff is needed for data entry and phone bank support during the 2025 election cycle. The additional staff members in the election's office will ensure statutory deadlines in voter registration and service levels are balanced during critical cycles.

Elections Overtime - \$36,000 One-Time

Additional hours will be required to complete voter registration and ballot fulfillment tasks on and before Election Day 2025, Tuesday, November 4. Effective October 30, election facilities, Voter Service and Polling Centers (VSPCs), and support staff are required to operate 8 a.m. – 5 p.m. M-F

and at least 4 hours on Saturday. The M-F hours are 7:30 a.m.
5:30 p.m. to facilitate opening and closing procedures.
Ballot Roundup procedures must be completed on weekends (Sat. and Sun.) after ballot drop boxes open.

On Election Day – Election facilities are open 6:30 a.m. – 12:00 a.m. for voter services and ballot processing. These functions require various staff members to work additional hours to cover all aspects of the operation from VSPC support to judges' supervision of Ballot Roundup, Ballot Sorting, Signature Verification, Ballot Removal, Duplication, Resolution, and Tabulation.

Elections Equipment - \$86,000 One-Time

To remain in compliance with enhanced security, equipment located at the Elections division needs to be replaced to run Windows 11 and the new version of ClearCount, which will conduct instant runoff voting in Douglas County and the State of Colorado.

SHERIFF

<u>Douglas County Search & Rescue (DCSR) - Command Post (CP)</u> <u>F550 FWD \$175,000 - One-Time</u>

To match donor funding, \$175,000 of funding is being requested to enable the DCSR team to purchase a new command post in 2025. The existing CP is 23 years old and no longer meets the needs of the DCSR team. The new unit will have modern workstations for three staff (Communications, Operations, and Planning), along with a map table. The unit will also carry lifesaving first-aid equipment for protection of the command staff and DCSO emergency responders.

<u>Douglas County Firearms Ammunition and Training Base</u> <u>Budget Increase - \$116,200 Ongoing</u>

Due to the political climate and civil unrest, the DCSO is requesting an increase in the firearms ammunition and training budget. Obtaining ammunition has become challenging as law enforcement agencies must compete with the military and other agencies for their ammunition needs.

<u>Douglas County Training Tactical Vehicles (TVI) - (2) - \$174,000</u> One-Time

A total of \$174,000 is being requested to purchase two additional TVI vehicles with vehicle upfits. The DCSO is training on these vehicles and has found the training to be the appropriate platform to improve officers' knowledge, skills, and safety. The addition of two vehicles will bring the DCSO to six vehicles, thus allowing training capacity to increase by 50%.

Regulatory Training Base Budget Increase - \$150,000 Ongoing Senate Bill 20-217 was signed into law by the Colorado General Assembly and Governor Polis to improve the integrity of law enforcement. To continue this reform and improvement, the DCSO is requesting ongoing funding for the training program. The funds will be used for enhanced training for both commissioned and noncommissioned members to keep up with legislative mandates and the everchanging work environment. The training covers various topics, including Colorado Police Officers Standards and Training (POST) certification, special needs populations, officer wellness/health and mental health, de-escalation materials, etc. The training section will host courses, including trainerspecific courses, to maintain the highest level of proficiency and professionalism among commissioned members and to deliver content specific to the needs of the community.

<u>Deputy Cadet Training Academy – 24 Attendees - \$1,598,800</u> One-Time

Budget is being allocated for 24 Douglas County employees to attend the Deputy Cadet Training Academy at the Highlands Ranch Law Enforcement Training Facility (HRLETF) in 2025. Employees who meet selection criteria will spend approximately 880 hours attending training and become deputies at the conclusion of the five-month academy.

<u>Criminal Justice Records Act Specialists (2) - \$10,800 One-Time</u> and \$226,400 Ongoing

Additional budget is being requested to hire 2 employees to offset the workload associated with Senate Bill 20-217, which requires all sworn officers to wear Body Worn Cameras. The additional employees will allow the DCSO to ensure redact video footage in a timelier manner.

Portable Radio Accessory Replacement - \$15,200 One-Time Portable radio batteries typically last 3-4 years, and the DCSO replaces approximately 200 portable radio batteries each year. Due to depleted reserves, increased costs, and some manufacturers going out of business, additional budget of \$15,200 is needed to replace radios, bluetooth remotespeaker microphone batteries, and portable radio chargers.

<u>Uniform Base Budget Increase - \$239,800 Ongoing</u>

A budget increase of \$239,800 is being requested to fund the cost of significant improvements of the uniforms and equipment assigned to all commissioned officers. With the addition of External Vest Carriers (EVC) for every commissioned member, the DCSO now allocates a more functional uniform that provides consistency, utility, and helps ensure officer safety. In addition, to maintain the professional appearance and functionality of our deputies, it is crucial to increase the budget for the annual DCSO initial and replacement uniform schedule. The increase in the number of

uniforms available to deputies is essential because they require a fresh uniform daily. The durability and functionality of their gear directly impact their safety and effectiveness in the field. With additional uniforms, our deputies can be adequately prepared for their duties, and we can reduce long-term costs through decreased wear and tear.

Prisoner Transport Base Budget Increase - \$83,000 Ongoing The DCSO has experienced an increase of costs of roughly 117% and is requesting a base budget increase of \$83,000 to allow for the influx of out-of-state arrests, which require extradition back to Colorado.

A typical extradition involves roundtrip airfare for two deputies, purchased with a limited amount of advance notice, and a one-way ticket for the prisoner. Expenses include two hotel rooms for one night for the deputies and a rental car for at least one full day. Additional expenses cover up to three meals for the deputies on the first day of extradition and usually two meals on the return trip, plus meals for the prisoner.

<u>Concealed Handgun Permit Temporary Help, \$199,500 One-</u> <u>Time</u>

With the increase in numbers of new handgun permits, renewal handgun permits, sex offender registrations and court-ordered fingerprinting, the workload has overwhelmed the concealed handgun permitting process performed by the Statutory Specialist. Budget is being requested to hire temporary staff to help with fingerprinting duties.

<u>Terminal Readers – Upgrade / Replace - \$20,700 One-Time</u>
A budget of \$20,700 is being requested to replace terminal readers that are roughly 10 years old and are near end-of-life capacity. The current readers are not current with changing technological advances and software requirements, and thus,

need to be replaced at this time. The DCSO uses KeyTracer, which tracks keys for the DCSO vehicles, jail, and other critical areas at the Justice Center.

Axon Fleet Replacement - \$42,700 Ongoing

An additional budget of \$42,700 is being requested to fund the additional cost of \$17.45 per month, per vehicle, (204 fleet vehicles), for a total first-year cost of \$42,717.60 with approximately a 4% percent increase per year for five years.

Axon Respond allows for real-time video streaming from Axon Fleet equipped cars. The subscription provides supervisors and incident commanders with situational awareness of incidents. This is an enhancement to the Axon Fleet application and would be added to the annual subscription paid to Axon Enterprise, Inc. for Axon Fleet in-car camera systems.

Reclass Detention Specialist to Deputies (5) - \$42,300 One-Time and \$420,300 Ongoing

After a comprehensive review of our current staffing and operational needs, it has become evident that reclassifying five (5) Detentions Specialist positions to Deputy Sheriff positions is essential for maintaining the safety and efficiency of our jail operations.

The Douglas County jail is experiencing significant staffing shortages that impact the ability to sufficiently staff critical posts. Detentions Specialists, while valuable team members, are limited by their job descriptions and training. They are not equipped to have direct inmate contact or perform a wide range of necessary tasks, which Deputy Sheriffs are qualified to handle.

Upon reviewing the capabilities and assignments of our current Detentions' Specialists, the Detentions Captain and

staff have identified five positions that lack the versatility and skillsets required to meet the dynamic demands of our jail environment. These specialists, due to their limited scope of duties, are unable to fully contribute to our staffing needs, thereby exacerbating our shortages in the following items:

- Enhance Operational Flexibility: Deputy Sheriffs can perform all tasks and assignments within the jail, allowing for more versatile and flexible staffing. This will enable us to better respond to fluctuating inmate populations and emerging situations.
- Improve Safety and Security: With more Deputy
 Sheriffs available to staff posts, we can ensure that all
 areas of the jail are adequately monitored and
 managed, reducing risks to staff and inmates.
- Optimize Resource Allocation: By upgrading these
 positions, we can maximize the utilization of our
 personnel, ensuring that each staff member is fully
 capable of contributing to the jails' operational needs.
- Address Staffing Shortages: The current limitations of Detentions Specialists contribute to our staffing shortages. Reclassifying these positions will help fill the gaps and provide a more robust staffing solution.
 Additionally, applying for a deputy specialist position is far more desirable to a candidate than a specialist; this change helps expand our candidate pool of quality hires in a timelier manner.

Additional Inmate Medical Staffing - \$279,300 Ongoing
This budget includes the implementation of additional staffing by Wellpath at the Douglas County Detention Facility. The inmate population continues to have medical and mental health illnesses, and current staffing levels are not able to keep up with the demand.

Additional Staffing Costs - Inmate Medical (2.19%) - \$92,676 Ongoing

To maintain the quality and standard of medical services provided to the inmates housed at the Douglas County Detention Center, the current vendor, Wellpath, is requesting additional funding to offset the 2.19% base compensation increases for qualified nurses.

<u>Additional Inmate Medical – Consumer Price Index (CPI) Inc.</u> (4%) - \$173,274 Ongoing

To maintain the quality and standard of medical services provided to the inmates housed at the Douglas County Detention Center, the current vendor, Wellpath, is requesting a 4.0% CPI adjustment to help curb the current rate of inflation.

Inmate Medical - Healthcare Litigation - \$488,550 Ongoing

To maintain the quality and standard of medical services provided to the inmates housed at the Douglas County Detention Center, the current vendor, Wellpath, is requesting funding to offset the risks associated with providing

Emergency Management Vehicle - \$290,000 One-Time
The Office of Emergency Management requests a budget of \$290,000 to purchase a Wildland Fire Engine. This asset will provide improved capabilities for emergency resource management response and increased towing capabilities for moving Emergency Management assets and resources.

<u>Vehicle Tow Services - Base Budget Increase - \$54,700</u> Ongoing

correctional healthcare.

Since 2020, there has been an increase in towing expenses associated with the Evtech Impound Yard. These towing operations include a variety of essential tasks, such as moving

vehicles within the lot, transferring vehicles to Westside Towing, and other related activities. The rising costs reflect the increasing operational demands and the need to ensure the efficient and secure handling of impounded vehicles.

The budget increase of \$54,700 will enable the DCSO to cover the rising costs of towing services, maintain the operational efficiency of the Evtech Impound Yard, and uphold the standards of vehicle management and security that are crucial to our division.

<u>Animal Control - Pikes Peak – Base Budget Increase - \$20,300</u> <u>Ongoing</u>

The Board of County Commissioners has a contract with the Humane Society of the Pikes Peak Region for animal control services for unincorporated Douglas County. The scope of those services includes but is not limited to: complaints related to animal control ordinances; enforcing animal control ordinances; picking up injured animals; and providing emergency on-call services.

Pikes Peak has five Animal Control Officers dedicated to serving the unincorporated county, one of which is a Sergeant Supervisor. In 2023, that team responded to 2,763 dispatched Calls-for-Service and handled a total of 4,042 calls (self-initiated, follow-ups, etc.). For 2023, Pikes Peak issued a total of 158 citations.

For the 2025 contract year, the Humane Society of the Pikes Peak Region is requesting a 4% increase to their annually allocated budget from the DCSO. Pikes Peak cites that it has experienced increases in wages (4%), health insurance costs (6-10%) and other expenses (2-4%), which encompasses overall operating costs.

FACILITIES

Countywide Security Guard Services - \$72,000 Ongoing
Allied Universal is contracted by Douglas County to provide security for multiple County buildings and is increasing its costs due to an increase in staffing expenses and the addition of two security guards at all Town Hall Meetings. Ongoing expenses represent an increase of \$72,000 to the existing contract.

Countywide SaniGlaze Floor Maintenance - \$33,000 One-Time Budget of \$33,000 is required for ongoing tile floor maintenance to extend the lifespan of floors at various County facilities. The maintenance program is necessary to comply with the floor warranty and reduce labor and repair costs.

Generator Load Bank Testing - \$2,500 One-Time

Budget is needed to provide for testing of generators located at Park Meadows Center and the Northwest Facility. This testing ensures the generators operate at full capacity during power failures and contributes to their long-term operational longevity. Regular maintenance of these generators is essential to ensure the County's operations remain uninterrupted during emergencies.

Generator Preventative Maintenance Contract - \$14,500 Ongoing

Budget provides for contract preventative maintenance of County generators. Currently, County staff dedicate 24-36 hours each month to inspect all generators. Regular maintenance of these generators is essential to ensure the County's operations remain uninterrupted during emergencies.

<u>Countywide Automatic Transfer Switch Preventative</u> <u>Maintenance - \$10,000 Ongoing</u>

Budget adds automatic transfer switch preventative maintenance service calls to our yearly plan at all 16 ATS locations. An ATS controls the on / off function of our generators, which provide backup power for emergency and standby use and including egress lighting and security systems. Proper maintenance is crucial to ensure these switches function correctly during emergencies. Failure to maintain the ATS could result in safety and security risks to the public and staff.

Switchgear Maintenance - \$47,200 One-Time

The budget includes \$47,200 to perform switchgear maintenance at the Wilcox Building, Park Meadows Center, and the Operations Building. Maintenance is required to ensure the electrical system is safe from current overloads, breaker and fuse malfunctions, excess heat, and to test for overall functionality. Failure to perform switchgear maintenance can result in equipment failure, fires, and loss of power.

Justice Center Automatic Transfer Switch Maintenance - \$6,000 One-Time and Offsetting Revenues of \$6,000 Every two years, generator transfer maintenance is required on seven switches. Failure to perform this maintenance would result in loss of emergency power, creating a safety and security risk to the public and staff.

Justice Center Cooling Tower Media Replacement - \$10,500

One-Time and Offsetting Revenues of \$10,500

Every five years, replacement of the Justice Center Cooling

Tower is required. Failure to replace the cooling tower media

will result in higher energy costs and less efficient cooling systems.

Justice Center Detention Kitchen Equipment Replacement - \$45,000 One-Time and Offsetting Revenues of \$45,000

The budget includes \$45,000 to replace Detention Center kitchen equipment. Equipment replacement is based on years in service, gear and parts availability, and redundancy requirements. The replacement is needed to prevent Health Department violations and downtime for repairs.

<u>Justice Center Parking Lot Maintenance - \$82,500 One-Time</u> and Offsetting Revenues of \$82,500

The budget includes \$82,500 for Justice Center parking lot maintenance. Work includes asphalt maintenance, stripping, crack sealing, pothole patching and other costs associated with parking lot maintenance. Annual maintenance is needed to prevent more expensive repairs in the future.

<u>Justice Center Gate Operator Replacement - \$12,500 One-</u> Time and Offsetting Revenues of \$12,500

The budget includes \$12,500 for replacing the gate operators at the Justice Center. The current operators have been in use for 10 years and have been damaged many times. Parts are becoming harder to find, and failure to replace operators could result in safety and security concerns.

<u>Justice Center Repair and Maintenance Supplies - \$42,000</u> Ongoing and Offsetting Revenues of \$42,000

Budget provides additional funds for repair and maintenance supplies at the Justice Center. Due to inflation, the cost of these supplies has risen significantly, impacting the overall maintenance budget.

<u>Justice Center Security Component Replacement - \$2,400</u> Ongoing and Offsetting Revenues of \$2,400

The budget includes \$2,400 for security system component replacements at the Justice Center. This request allows the County to keep parts in stock to address any immediate needs for replacement or repair. Additional budget would address risks in County buildings, such as doors not locking and malfunctioning card readers and cameras.

FAIRGROUNDS

<u>County Fair Miscellaneous Base Budget Increases - \$100,000</u> <u>Ongoing</u>

A \$100,000 of additional funding is being requested for the ongoing expenditures related to the annual County Fair. Expenditures include rodeo vendor fees, entertainment committed increases, hospitality fees related to livestock sale, fair show management, and the rodeo purse and farm-to-table event.

FLEET

Fleet Light Duty Mechanic (1) FTE - \$111,233 Ongoing
Budget provides funding for the conversion of one over-hire
position to a permanent full-time position. The County has
added 96 new light-duty vehicles to its fleet since the last
light- duty mechanic was added in 2022. Adding a new lightduty mechanic is essential to ensure these vehicles are
properly maintained, reducing the likelihood of breakdowns.
This proactive measure will help prevent disruptions in
service, ensuring that County staff can continue to assist the
public efficiently and effectively.

<u>Parker Carwash Air Cylinder Upgrade - \$8,200 One-Time</u> Budget is needed to upgrade the garage door system at the Parker carwash with a new air cylinder system. The current system frequently fails, rendering the carwash unusable by staff. This results in County vehicles often appearing dirty, which negatively impacts the public's perception of the County.

INFORMATION TECHNOLOGY

Avigilon Replacement - \$350,000 Ongoing

Additional budget of \$350,00 is requested to support the life cycle replacement and functionality for disaster recovery of the Avigilon surveillance camera system.

OTHER GENERAL GOVERNMENT

<u>Denver Regional Council of Government (DRCOG) Dues</u> <u>Increase - \$1,200 Ongoing</u>

The budget includes funding for the DRCOG participation fee increase.

ROAD AND BRIDGE FUND

\$30,743,400 One-Time; \$150,000 Ongoing

PUBLIC WORKS OPERATIONS

Magnesium Chloride Tank Replacement - \$465,000 One-Time One-time funding is being requested to replace the Liquid Magnesium Chloride Tank Farm at the Parker Maintenance Facility. This tank farm contains six steel tanks, which are approximately 12 years old. It supports snow removal efforts in the northern, more urbanized, part of the County. Currently, two of the tanks have been taken out of service, and another tank appears to be leaking. The tanks are at the end of their useful life and will be replaced with fiberglass tanks that will not corrode from the magnesium chloride. Funding includes replacement of all six tanks as well as associated plumbing and controls.

Dead Tree Removal - \$150,000 Ongoing

Due to several recent years of drought and beetle infestation in our pine forests, Public Works Operations is experiencing an unprecedented increase in service requests for removal of dead trees from the right-of-way. Historically, this cost was absorbed, but in 2025, costs are expected to exceed \$175,000 for contract arborist services. This funding request will help offset these added service delivery costs, which are expected to continue into the foreseeable future.

New Equipment (Single Axel Plow Trucks (2); Walk Roller, Trailer) - \$890,000 One-Time

Since 2011, the road network maintained by Douglas County has grown by 1,300 lane miles. In 2025, the road network is expected to grow by an additional 10 to 20 lane miles as roads and subdivisions currently under construction are turned over to the

County for maintenance. The additional equipment will allow the Public Works team to remain proactive when dealing with future workloads in daily operations.

<u>Lease Buy-Out – Motor Graders (7) - \$2,623,400 One-Time</u>
A budget request of \$2,623,400 is being requested to buyout the leases on 7 seven motor graders and one loader in fiscal year 2025. Leases options are no longer deemed an economical benefit for Douglas County, as leases and residual sale prices are expected to increase in the subsequent year.

ENGINEERING

Federal Compliance Training - \$35,000 One-Time

When Douglas County is awarded federal funding, adherence to federal and state requirements for bidding, awarding, and administering design and construction projects is required. Many of these requirements are constantly evolving and changing, which makes it challenging for staff to stay up to date and ensure compliance. This funding request would allow contracted consultant services for staff training to ensure all project documentation adheres to the federal and state requirements and will address best practices, quality control, requirements, processes, and forms. In addition, the training will review federal requirements for civil rights programs, Buy America, and Build America (BABA), and utilization of state-mandated software (B2Gnow® ensures compliance with DBE / ESB tracking, and LCPTracker® is utilized for monitoring contractor payrolls for compliance to the Davis Bacon Act wage decisions, DBE participation, and OJT programs).

PAVEMENT MANAGEMENT

<u>Survey Equipment Upgrades - \$50,000 One-Time</u>
Much the same as computer equipment, modern survey instruments require periodic upgrades to continue to maintain connectivity and functionality. This proposed upgrade will

improve performance of surveys by approximately 30%, particularly under tree canopies and surrounding structures. In addition to improved productivity, safety is increased because of added automation that frees up the operator's ability to focus on the surrounding environment.

TRAFFIC

On-Call Utility Location Services Program - \$80,000 One-Time
This request is for contracted, on-call underground utility locating services associated with traffic signals, including fiber optic and power, which will also address after-hours calls, provide leave coverage, and meet spikes in demand.

CAPITAL IMPROVEMENT PROJECTS

Contracted Road Maintenance – \$22,000,000 One-Time

The budget includes funding to maintain infrastructure as well as reduce future maintenance costs throughout Douglas County.

The maintenance includes the annual Asphalt Overlay Project, annual Sidewalk Repair and Curb Ramp Retrofit Project, as well as reconstruction projects for roadways in need of full replacement. Public Works Engineering will use two performance measures (average condition and percent in fair or better condition) to maintain high average pavement conditions.

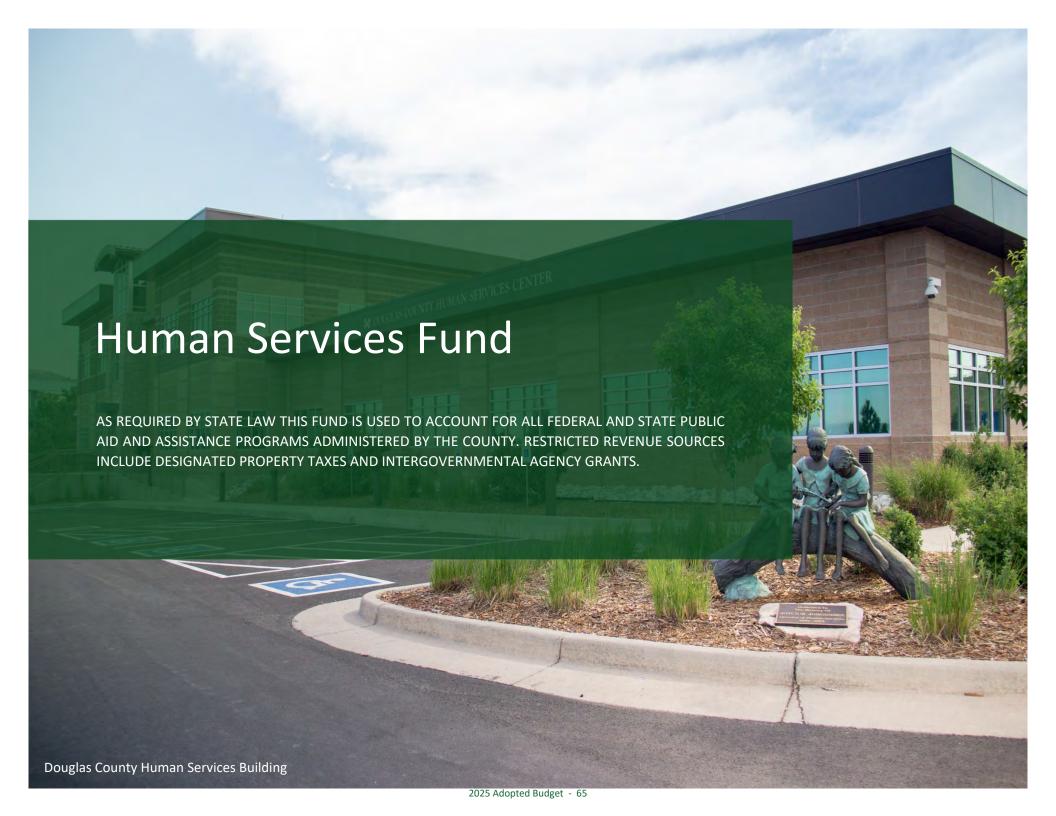

Emergency Storm Drainage Projects – \$500,000 One-Time Storm drainage systems move untreated water into rivers, streams, or other bodies of water and are essential to minimizing the risk of flooding or water backups. This also includes funding to complete repairs that have been identified as emergency drainage projects.

Stormwater Priority Projects - \$4,000,000 One-Time
As the County's infrastructure continues to age, funding preventative maintenance of its stormwater improvements

becomes increasingly more important to protect the County's existing infrastructure. Funding is also imperative for the County to meet its Municipal Separate Storm Sewer System (MS4) Permit requirements, as well as protect properties from flooding. Public Works Engineering and Public Works Operations identify priority projects, ranging from drainage pipe repair and replacement to roadside ditch reconstruction and erosion stabilization. Other stormwater projects funded include:

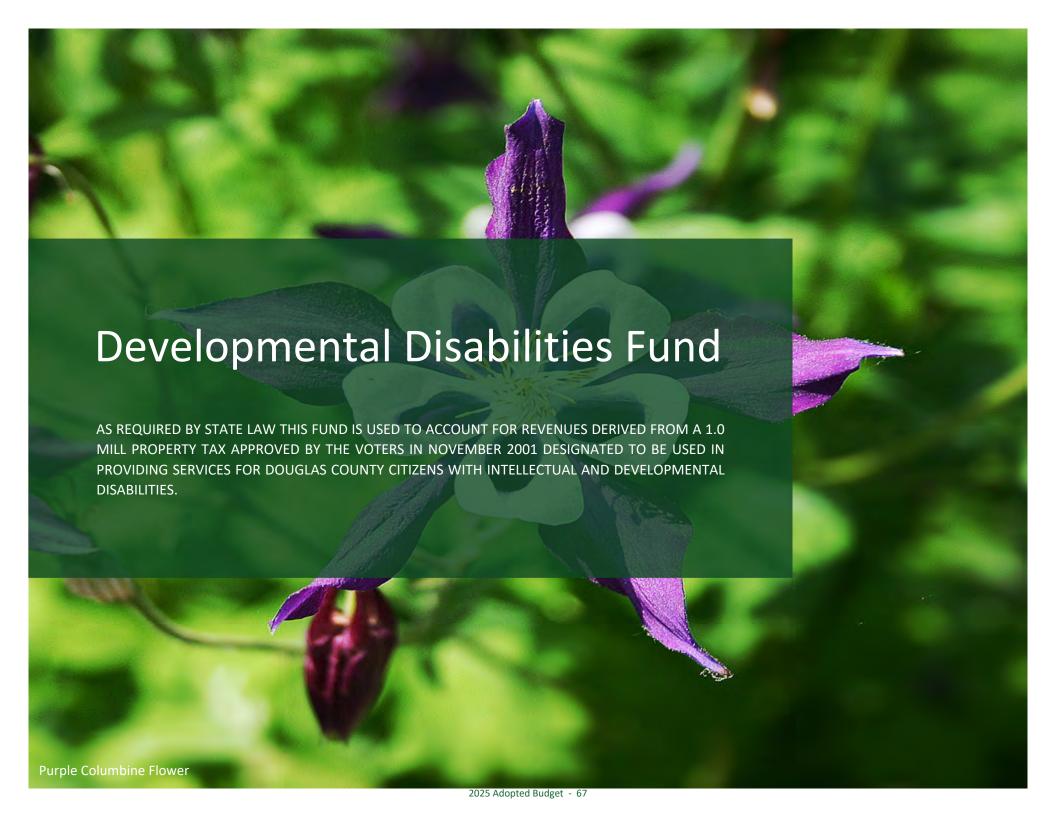

- Rural pipe-lining program (21 locations per year)
- Highlands Ranch pipe-lining program
- Pinery drainage improvement program
- Partnering on stream stabilization projects with Mile High Flood Control District
- Annual maintenance of the County Facilities detention / water quality ponds
- Annual GESC contractors to meet permit stabilization requirements
- Declassification and repairs to existing NRCS dams that were constructed in the early 1960s.

School and Pedestrian Safety Projects – \$100,000 One-Time
School area and pedestrian safety projects are prioritized on a
Countywide basis using safety as the most important
criteria. Projects include minor roadway modifications to improve
pedestrian safety such as enhancing pedestrian crossings,
constructing neck-downs, making traffic circulation changes near
schools, completing missing sidewalk links, providing sidewalks at
bus turn-outs, and making improvements that will enhance the
pedestrian and bicycle infrastructure network.

LAW ENFORCEMENT AUTHORITY FUND

\$1,446,000 One-time; \$1,429,819 Ongoing; and \$2,840,919 Offsetting Revenue Transfers

Six (6) Patrol Deputies with Six (6) Vehicles - \$816,900 Onetime; \$1,039,875 Ongoing; and \$1,856,775 Offsetting Revenues via Transfer from General Fund

The budget includes funding for six additional patrol deputies with vehicles for 2025. As the population continues to increase in Douglas County, the Calls for Service (CFS), continue to grow as well. Additionally, response times can be greatly improved by increasing the deputy staff within Areas of Operation (AOO); thus, this staff increase is vital to allow the DCSO to deliver the level of law enforcement that is necessary and required to keep citizens safe.

Uniform Base Budget Increase - Ongoing \$34,900

A new budget of \$34,900 is being requested to fund the cost of significant advancements related to uniforms and equipment assigned to all commissioned officers. With the addition of External Vest Carriers (EVC) for every commissioned member, the DCSO has a more functional uniform providing consistency, utility, and officer safety. In addition, to maintain the professional appearance and functionality of our deputies, it is crucial to increase the budget for the annual DCSO initial and replacement uniform schedule. The increase in the number of uniforms available to deputies is essential because they require a fresh uniform daily. The durability and functionality of their gear directly impact their safety and effectiveness in the field. With additional uniforms, our deputies can be adequately prepared

for their duties, and we can reduce long-term costs through decreased wear and tear.

Traffic Deputy with Vehicle - \$138,600 One-Time, \$173,400 Ongoing and \$312,000 Offsetting Revenues via Transfer from General Fund

The budget includes funding is needed for one Traffic Deputy to assist with the increased responsibilities and duties associated with increased vehicular traffic within the County, and the increased calls for service that are associated with population growth. The traffic unit is responsible for all County traffic accidents that occur in Unincorporated Douglas County to include traffic enforcement.

Impact Unit Detective - \$90,500 One-Time, \$181,644 Ongoing and \$272,144 Offsetting Revenues via Transfer from General Fund

Budget for an additional detective is crucial for investment in community safety. This position will allow for a more comprehensive surveillance, better intelligence gathering, and a more proactive approach to emerging criminal threats.

<u>Ballistic Vests - \$22,600 One-time; and \$22,600 Offsetting</u> <u>Revenues via Transfer from General Fund</u>

A \$22,600 of new funding is needed to purchase ballistic shields to assist in the protection of reserve deputies in the performance of their law enforcement duties when encountering weapon attacks. It is a well-known that ballistic shields can highly mitigate lethal wounds, as these shields protect three of the top five fatal wound locations.

SWAT Noise Reduction Headsets - \$80,000 One-time; and \$80,000 Offsetting Revenues via Transfer from General Fund A \$80,000 of new funding is requested by the Douglas County Regional SWAT Team to replace the communication headsets currently in use. The headsets were purchased in 2019 and are consistently breaking down, and replacement parts are no longer available.

SWAT Active Duty and Training Ammunition - \$65,000 Onetime; and \$65,000 Offsetting Revenues via Transfer from General Fund

A \$65,000 of one-time funding is being requested to purchase a three-year supply of ammunition. Due to the war in Israel, inflation, and international tension, the ammunition supply chain is consistently unreliable.

SWAT Ballistic Helmet Replacement - \$60,000 One-time; and \$60,000 Offsetting Revenues via Transfer from General Fund A \$60,000 of budget is being requested to replace 59 ballistic helmets. The Douglas County Regional SWAT Team, the DCSO Bomb Squad, and DCSO K-9 Unit ballistic helmets will expire in 2025 and are due for replacement. The helmets expire after five years of service and will no longer be National Institute of Justice (NIJ) compliant. A ballistic helmet is required safety equipment designed to provide each member with ballistic protection.

<u>SWAT Night Vision Binoculars - \$100,000 One-time; and</u> <u>\$100,000 Offsetting Revenues via Transfer from General Fund</u> New funding of \$100,000 is being requested to enhance the SWAT's team's operational capability and all hazards response with the purchase of 15 additional night vision devices. Bomb Truck - Grant Matching of \$60,000 - One-time; and \$60,000 Offsetting Revenues via Transfer from General Fund In 2009, 2010, and 2011, the Douglas County Bomb Squad requested a new Explosive Ordnance Disposal (EOD) response vehicle through the Urban Area Security Initiative (UASI), but these requests were denied. The Bomb Squad currently operates from an overweight box truck, storing most equipment in an overloaded trailer and the truck's cab. Since 1995, the Bomb Squad has responded to 30 - 50 calls annually, operating as a Render Safe Unit, an Explosive Breaching Unit for the Douglas County regional SWAT team, and a regional Bomb Squad Response Team. The equipment stored in the current vehicle exceeds \$500,000 in value. In 2025, Douglas County will receive a large, new platform robot through UASI funding, adding 200 pounds to the already overweight trailer.

The EOD response vehicle request was ultimately ranked 13th on the FY 2024 NCR/UASI Initial Integrated Priority List with matching funds in the amount of \$60,000 going toward the total \$550,000 project cost, totaling about 11%. The DCSO, therefore, requests that the \$60,000 in UASI matching funds be included in the 2025 budget for the purchase of a new EOD response vehicle to ensure operational safety and efficiency.

Youth Community Crisis Response Team Training - \$12,400 One-time; and \$12,400 Offsetting Revenues via Transfer from General Fund

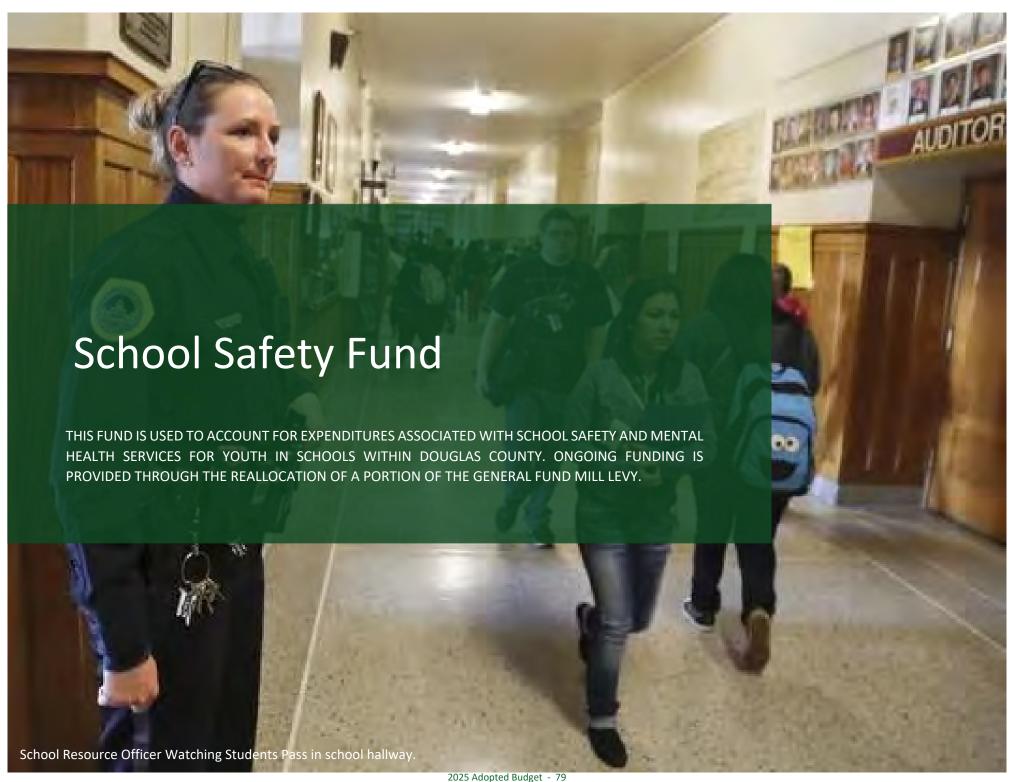

The Youth Community Crisis Response Teams (YCRT) have frequent contact with youths who may be in crisis. In many cases, this contact is initiated as a Call for Service (CFS) from one of the 51 schools that comprise the service area for the Sheriff's Office School Resource Officer (SRO) program. Additionally, the Crisis Response Teams (CRT) also have

occasion to interact with the youth in our community when a YCRT is not available or as the result of a CFS where it is not known upon dispatch that juveniles are associated with the incident.

The National Association of School Resource Officers (NASRO) is the world's leader in school-based policing. This not-for-profit organization was founded in 1991 for school-based law enforcement officers, school administrators, and school security and / or safety professionals who work as partners to protect schools and their students, faculty, and staff members. The gold standard for school-based policing is propagated by NASRO.

The Douglas County School District (DCSD) recognizes this gold standard and annually assists in the funding to send every SRO to the NASRO conference. This conference offers over 30 breakout training sessions where a very prestigious group of experts in the field of school safety comes together to offer their expertise and passion to the benefit of those in attendance.

Douglas County Government 2025 District Attorney - 23JD Fund Recommended New Requests

Division	Request Description	FTE	One-time Amount	Ongoing Amount	Off-Setting Revenues	Net Impact to Fund
28100	HB24-1355 Two (2) Additional Positions for Diversion	2.00		\$ 211,780	\$ (211,780)	\$ 0
28100	New Courtroom - Douglas County Four (4) Additional Positions	4.00	\$55,000	503,598	(558,598)	0
28100	Addition Merit Increase0075%			114,800	(114,800)	0
District Attorney -	23JD Fund Total	6.00	\$ 55,000	\$ 830,178	\$ (885,178)	\$ 0

DISTRICT ATTORNEY – 23JD FUND

\$55,000 One-Time and \$830,178 Ongoing; Offsetting revenue \$885,178

<u>HB24-1355 Two (2) Additional Positions for Diversion –</u> \$211,780 Ongoing; Offsetting Revenue \$211,780

HB24-1355 expands the Bridges Program by providing staffing for competency dockets and broadening its responsibilities, beyond restoration, to offer services for this population. This will extend the involvement of Diversion Case management services from implementation to dismissal of cases upon meeting the goals established in Diversion.

HB24-1355 in conjunction with SB24-006 provides a new population for Diversion. Specific cases previously facing dismissal can now be referred to Diversion. This will require new programming surrounding competency. New community partnerships will be identified, established, and managed throughout this off-ramp from the historical court approach taken in these cases. Initial staffing will focus on diversion therapists / case managers for the new workload.

New Courtroom – Douglas County Four (4) Additional Positions – \$55,000 One-Time and \$503,598 Ongoing; Offsetting revenue \$558,598

The Colorado Judicial Branch will be opening a new courtroom in Douglas County to support the criminal and civil dockets in 2025. The new courtroom requires the four full-time ongoing positions, two Deputy District Attorneys, one Investigator, and one Paralegal. In establishing a new courtroom, the timeframe for case resolution will be compacted to meet the benchmarks set in other jurisdictions.

Funding for both new requests is proportionately allocated between the three counties in the new 23rd Judicial District, Douglas, Elbert, and Lincoln Counties. Douglas County's portion is 91.8%, or \$812,589.

Additional Merit - .0075% – \$114,800 Ongoing; Offsetting revenue \$114,800

Additional budget of \$114,800 is being appropriated to fund the increase in annual merit needed for the 2025 budget.

ROAD SALES AND USE TAX FUND

\$27,000,000 One-Time

Contracted Road Maintenance - \$4,000,000 One-Time

Additional funding is needed for the Douglas County pavement management program, which includes maintaining a reliable transportation network. Budget will be used to improve and / or reconstruct existing paved roads as well as pave existing gravel roads that function as rural collector and arterial roads or serve as important detour routes. Budget will also be used to partner with other local agencies to help maintain a reliable roadway network throughout the County.

<u>Hilltop Road (Legend High School to Alpine Drive) - \$6,000,000</u> <u>One-Time</u>

The requested funding is needed to widen and reconstruct the segment of Hilltop Road between Legend High School and Alpine Drive. The requested amount will allow Douglas County to begin construction for Phase 1 (Legend High School to Crest View Drive / Village Road) and continue to advance preconstruction activities (final design, right-of-acquisition, and utility relocates) for Phase 2 (Crest View Drive / Village Road to Alpine Drive). The 2025 anticipated construction start date is pending completion of the remaining right-of-way acquisitions and necessary utility relocations. The Phase 1 improvements will take approximately 18 to 24 months to complete.

Bridge Repair Projects - \$1,000,000 One-Time

The requested allocation is needed to make bridge repairs throughout Douglas County. The requested funds will be used for both preconstruction activities (survey and design) as well as construction activities. Annual budget limitations allow for a limited number of bridge repair projects each year; and as our infrastructure continues to age, additional funds will be needed in future years. Projects are prioritized based on the biannual bridge inspections reports provided by the Colorado Department of Transportation (CDOT) as well as input from the Public Works staff.

Hess Road Bridge Repair - \$2,000,000 One-Time

This funding request will be utilized to make repairs to the bridge approach slabs and adjacent concrete pavement for the bridge that carries Hess Road over the Parker Water & Sanitation District's access road.

County Line / University to Broadway - \$4,500,000 One-Time
Funding request includes widening and reconstructing County
Line Road between University Avenue and Broadway. County Line
Road will be widened from one to two lanes in each direction.
This project will also install a new traffic signal at the intersection
with Clarkson Street and provide noise mitigation on the north
side of County Line Road.

Since 2019, Douglas County has worked with the City of Littleton and the City of Centennial to advance the final design, acquire right-of-way, and prepare utility relocation design for a major waterline located within the project limits. Additionally, Denver Regional Council of Governments (DRCOG) selected this project to receive \$12.582 million of federal funding through the DRCOG Transportation Improvement Program (TIP) Subregion project selection process. All remaining project costs are the local agencies' responsibilities.

In 2024, Douglas County executed intergovernmental agreements with both Littleton and Centennial to fund the remaining

anticipated construction costs. The total construction cost is estimated to be over \$34 million (which is for budget planning purposes, and includes contingency funds, construction costs, and consultant engineering costs to provide project management, inspections, and material testing). Construction is slated to begin in the fall 2024 and additional funding is needed in FY 2025 for this multiyear construction project. The project will take approximately 18 to 24 months to complete.

<u>Traffic Engineering Studies - \$2,000,000 One-Time</u>

The additional funds will be used to construct new traffic signals, repair / replace existing traffic signals, as well as to improve and maintain the County's fiber communication network. Continued replacement of aging and outdated equipment is a top priority of the Douglas County Engineering team. Maintaining a reliable traffic communication network is a key part of our core infrastructure that allows for the advanced functionality of the traffic signal system.

Traffic Engineering staff has identified multiple locations of nonredundant, vulnerable fiber optic segments, which, if cut, would sever communication to various signalized corridors within the County, that would significantly affect traffic operations. A portion of these funds will allow the County to continue to move forward to close remaining traffic signal communication gaps as well as to implement intelligent transportation system (ITS) software and equipment which staff can utilize to further reduce congestion and improve traffic operations. Sterling Ranch is an emerging area requiring focus on improving communication and ITS coverage as development continues to occur.

<u>Transportation Demand Management (TDM) Partnership Projects</u> \$500,000 One-Time

Additional funding is needed to advance Transportation Demand Management (TDM) Partnership Projects, which will allow the County to provide a portion of the local agency matching funds needed to implement TDM strategies with other funding partners. Currently, there is an emphasis at the state and regional levels to reduce travel demand through implementing various TDM strategies. These TDM projects encompass a broad spectrum of strategies aimed at providing travelers choices in how, when, and if they travel. Municipalities and local metro districts are interested in providing transportation alternatives to reduce single-occupant vehicle trips. Many agencies have already begun offering transit programs, partnering with micro-mobility providers, and collaborating with employers, DRCOG, CDOT, Regional Transportation District (RTD), and the Denver South Transportation Management Association (TMA) to advance a variety of TDM solutions.

<u>Douglas County Transit & Mobility Program - \$3,000,000 One-</u> <u>Time</u>

This funding request supports the County's recent decision to accelerate additional transit and mobility projects, which includes advancing projects such as the "Link on Demand" project that recently expanded its services on the east side of I-25 into Meridian, south of Lincoln Avenue and, extending east to Peoria Street. Douglas County is working closely with representatives from the City of Castle Pines, the Town of Castle Rock, the City of Lone Tree, the Town of Parker, the Highlands Ranch Metro District, Arapahoe County, Denver South, and other stakeholder groups to advance projects identified in the integrated transit and multimodal feasibility study, which will identify short- and long-term needs and prioritize future projects. These new transit services will augment existing transit that is serving older adults

and the disabled by providing another option for riders and freeing up capacity for existing providers to focus on more critical trips such as doctors' appointments and hospital visits.

US 85 / Titan Parkway Interchange - \$4,000,000 One-Time
This funding request will be used for preconstruction activities to include completing updated traffic studies, screening interchange modification design alternatives, updating the National Environmental Policy Act (NEPA) environmental clearance documents and preparing the preliminary and final design associated with modifying the US 85 / Titan Parkway Interchange. Additionally, this project includes widening US 85 from four to six thru lanes between Titan Parkway and Highlands Ranch Parkway.

The County recognizes the importance of completing the proposed improvements to US 85 as this corridor plays a critical role as a regional north / south arterial highway in moving people, goods, and services. Many Douglas County constituents rely on US 85 for their daily commuting needs, and it is part of the National Highway System (NHS) and is also a National Freight Corridor. This roadway also plays a critical part in the I-25 incident management plan as it provides an alternate route should a major incident occur on I-25 that requires a closure or if there are significant traffic delays.

Douglas County has been partnering with CDOT to improve the US85 corridor since the early 2000s. In 2002, CDOT and FHWA approved the South I-25 / US Highway 85 Environmental Impact Statement (EIS) and Record of Decision (ROD) outlining a set of improvements to address transportation needs in the region for both the I-25 and US 85 corridors. In December 2016, the County completed a Planning and Environmental Linkage (PEL) Study that identified the need to improve the Titan / US 85 Interchange

because of planned development in the Chatfield Basin. Currently, Engineering staff anticipates construction will need to begin in FY 2029/30; and potential funding partners include CDOT and the developers in the Chatfield Basin.

TRANSPORTATION INFRASTRUCTURE SALES AND USE TAX FUND

\$20,000,000 One-Time

<u>Hilltop Road and Singing Hills Improvements - \$17,300,000 One-Time</u>

Budget is being requested to widen and reconstruct the segment of Hilltop Road between Legend High School and Alpine Drive. Funding in 2025 will allow the County to begin construction for Phase 1 (Legend High School to Crest View Drive / Village Road) and continue to advance preconstruction activities (final design, right-of-acquisition, and utility relocates) for Phase 2 (Crest View Drive / Village Road to Alpine Drive). The 2025 anticipated construction start date is pending completion of the remaining right-of-way acquisitions and necessary utility relocations. The Phase I improvements will take approximately 18 to 24 months to construct.

Grigs Road Improvement Project - \$700,000 One-Time

Additional funds are needed to advance preconstruction activities (supplemental survey, subsurface utility engineering, preliminary and final design, right-of-way acquisition, and utility relocates) for improving Grigs Road from Daniels Park Road to Valley Brook Circle. The project involves paving this remaining segment of Grigs Road and making geometric and other safety improvements as well as adding a multiuse trail. Construction funding will be needed in 2026 or later.

Colorado Bike Pedestrian Bridge - C-470 - \$1,000,000 One-Time
Denver Regional Council of Governments (DRCOG) has selected
this project to receive \$550,000 of federal funding through the
DRCOG Transportation Improvement Program (TIP) to advance
preconstruction activities. Douglas County funds will be used for
surveying, subsurface utility engineering, National Environmental
Policy Act (NEPA) environmental clearances, right-of-way

acquisition, and utility relocates associated with constructing a multiuse trail on the east side of Colorado Blvd. which requires providing a new bicycle / pedestrian bridge over C-470. The County anticipates pursuing construction funding from DRCOG, and other grant opportunities. Construction can begin as early as FY 2028 if the County is successful in securing additional funds.

Transit and Multimodal Study - \$1,000,000 One-Time

Recently, DRCOG selected this project to receive \$500,000 of federal funding through the DRCOG TIP project for preparing an integrated transit and multimodal feasibility study. Additionally, DRCOG allocated an additional \$2,250,000 to assist Douglas County in implementing one or more pilot projects. As part of this project, Douglas County is working closely with representatives from the City of Castle Pines, the Town of Castle Rock, the City of Lone Tree, the Town of Parker, the Highlands Ranch Metro District, Arapahoe County, Denver South, and other stakeholder groups to complete an integrated transit and multimodal feasibility study, which will identify short- and long-term needs and prioritize potential pilot projects. This funding will be used to meet the local match requirements of the DRCOG grant, sustain service areas that were recently expanded, and implement cost effective projects that help people move more easily and efficiently, including to and from jobs, doctor's appointments, hospitals, pharmacies, businesses, schools, etc.

JUSTICE CENTER SALES AND USE TAX FUND

\$2,311,300 One-Time; \$44,400 Ongoing

<u>Justice Center Fund Operating Transfer - \$156,500 One-Time;</u> \$44,400 Ongoing

The budget includes an operating transfer from the Justice Center Sales and Use Tax Fund of \$200,900 to the General Fund to offset associated proposed funding items. The Justice Center Sales and Use Tax Fund receives revenue from the extension of the sales tax approved by the voters in November 2007. The one-time components of the associated requests directly relate to the functions designated in the Justice Center Fund ballot language.

JUSTICE CENTER SECURITY IMPROVEMENTS

<u>Security Equipment - Camera Upgrades / Replacements \$245,200</u> One-Time

<u>Security Equipment – Camera Replacements \$151,800</u> One-Time

The budget includes \$151,800 one-time funding to replace cameras within the Justice Center facility, covering the Coroner, Sheriff, and all court areas. The current camera models are being discontinued, and once they fail, staff will no longer be able to make repairs due to the unavailability of parts. Replacing these cameras is crucial to ensure continuous monitoring of the Justice Center, thereby maintaining the safety and security of both the officers and the inmate population.

<u>Security Equipment – Jail Access Control upgrade \$45,000</u> <u>One-Time</u>

The budget includes \$45,000 one-time funding for the replacement of all access control panels in the jail, which

are currently discontinued models. These existing panels cannot be repaired if they malfunction, making their replacement crucial. Ensuring the installation of new, functional access control panels is essential to maintain the safety and security of the facility and staff.

<u>Security Equipment – Security Component Replacements -</u> \$18,400 One-Time

The budget includes \$18,400 for security system component replacements for the Justice Center. Request allows the County to maintain an inventory of essential parts, ensuring that any immediate needs for replacement or repair can be promptly addressed. Additional budget would address risks in the Justice Center, such as doors not locking and malfunctioning card readers and cameras.

<u>Security Equipment – Extra Camera Licenses \$30,000 One-</u> <u>Time</u>

\$30,000 additional budget is needed for camera licenses for the Justice Center's camera server. The request will enable the Justice Center to transfer cameras that currently reside on the County servers to its own system.

INTERIOR OFFICE IMPROVEMENTS

<u>Carpet Replacement - \$108,100 One-Time</u>

The budget includes \$108,100 to replace tattered, split, and fraying carpet in the Community Justice Services and Emergency Management offices. The existing carpet is in poor condition, creating significant tripping hazards that pose a risk to staff and visitors. Replacing the carpet is essential to ensure a safe and professional environment within these critical offices.

<u>Information Technology Cubicle Furniture Replacements - \$58,500</u> One-Time

The budget includes \$18,500 for the replacement of 26-year-old cubicles and purchase new ergonomic furniture. The current workspace lacks ergonomic design, making it inefficient and

uncomfortable for the IT staff. Upgrading to modern, ergonomic furniture is essential to create a more efficient and comfortable work environment.

Patrol Briefing Room Wall Dividers - \$42,500 One-Time

The budget includes \$42,500 to replace the wall panels in the patrol briefing room. The patrol briefing room is a critical space for the Sheriff's Department operations, serving as the hub for daily briefings, and coordination of law enforcement activities. Replacing the worn-out panels is essential to maintain a functional and professional environment that supports the department's operational efficiency and effectiveness.

Court Security Office Remodel - \$153,000 One-Time

\$153,00 of budget is being requested for the remodeling of the current court security on the third floor of the Justice Center. The existing space is designed to support five deputies and lacks the capacity for expansion. With the establishment of the new 23rd Judicial District, there is an anticipated increase in the number of staff required for court security. Remodeling the existing space is essential to accommodate this projected staff increase, ensuring that the facility can effectively support the enhanced security needs.

INTERNAL BUILDING MAINTENANCE

Liebert Building Automation System Upgrade - \$137,000 One-Time The budget includes \$137,000 to upgrade the fan-powered variable air volume box hardware in the building automation system. This request upgrades the hardware on eighty-seven units located on the second and third floors. The existing hardware has reached the end of its life cycle and is no longer available for replacement. Upgrading to the new hardware is essential to ensure the continued, uninterrupted operation of the HVAC system, maintaining optimal indoor air quality and comfort levels throughout the building

Radio Site Capacity Upgrade and Expansion - \$635,000 One-Time

Radio Equipment – DAS / BDA System Replacement \$185,000 One-Time

The budget includes \$185,000 one-time funding to replace the Justice Center DAS / BDA system. The local jail and court repeaters feed directly into the system and cannot function without it. For most of the Justice Center, this system is the only way the primary radio system works within the building. Due to two significant equipment failures, the system now lacks spare parts and replacement parts are unavailable. This is a vital piece of life and safety equipment at the Justice Center.

<u>Radio Equipment – Radio Site Capacity Expansion -</u> \$450,000 One-Time

The budget includes \$450,000 one-time funding to expand busies radio capacity. This expansion is critical as the North Simulcast Cell radio sites are nearing 300 busies per month, a threshold that has previously led to communication breakdowns during major incidents due to system overloading. Given the physical space constraints, the only viable solution is to integrate TDMA software into the repeater channels at all six radio sites comprising the North Simulcast Cell. Without this expansion, there is a significant risk that communications could be severely impaired during a major incident, potentially compromising response efforts and safety.

<u>Uninterruptible Power Supply (UPS) Replacement - Dispatch - \$137,500 One-Time</u>

\$137,500 of additional funding is necessary to procure UPS batteries for the Dispatch Central Computer Room. The batteries are to be replaced every four years and are scheduled for replacement to avoid equipment damage and interruptions to their operations.

Muffin Monster Replacement - \$22,000 One-Time

Funding of \$22,000 is needed to replace the Justice Center Sewage Grinder. The grinder is an essential part of the sanitary and wastewater system the protects local ecological systems. Replacement of the system is needed to prevent blockages within the system.

<u>Consolette Replacements – Highlands Ranch Substation - \$31,000</u> One-Time

The budget includes \$31,000 one-time funding to replace the two existing Highlands Ranch Substation radio desk consolettes. These units are integral to the facility's radio system but have not received support from Motorola for several years, and spare parts are no longer available. Replacing these outdated consolettes is essential to maintain the functionality of the radio system, thereby ensuring the safety of both the public and staff within the facility.

<u>Evidence Tech Shelving System Control Upgrade - \$130,000 One-</u> <u>Time</u>

\$130,000 additional budget is needed to upgrade the current evidence storage shelving system. The electrical components are beginning to fail. If the system is not upgraded, it could lead to delays in storing and releasing evidence, thereby impacting the operations of the Sheriff's Department and the courts. Upgrading the shelving system is essential to ensure the timely and efficient handling of evidence, maintaining the integrity and functionality of the evidence management process.

Electric Fire Pump Control Upgrades - \$100,000 One-Time

The budget includes \$100,000 to replace the existing outdated fire pump controller and jockey pump panel at the Justice Center. The current equipment is no longer supported, and repair parts are either unavailable or obsolete. Replacing these critical components is essential to preventing potential safety issues,

ensuring the fire suppression system remains fully operational and reliable in case of an emergency.

EXTERNAL BUILDING MAINTENACE

Roof Replacement Phase V of VII - \$299,000 One-Time

The roof replacement at the Justice Center is expected to last eight years. The existing 22-year-old roof is being replaced with modern roofing products, to prevent costly leaks.

Parking Lot / Garage Resurfacing - \$56,000 One-Time

The budget includes \$56,000 for the mill and overlay of the north side parking lot of the Highlands Ranch Substation. It has been 14 years since the parking lot was built, and it now requires new asphalt to prevent further deterioration. Without this upgrade, the aging asphalt will continue to degrade, leading to potholes and increased maintenance costs. These issues can cause significant damage to both public and County vehicles.

RUETER-HESS RECREATION FUND \$428,000 One-Time

E-Bikes - Park Rangers - \$3,500 One-Time

New budget for the purchase of (1) electric-bike for park rangers assigned to the Rueter-Hess recreational property. The Rueter-Hess trail system is ideally suited for e-bike patrol and allows for a cost-effective, efficient way to engage the public.

Rental Boats - \$29,500 - One-Time

One-time request to purchase (2) pedal pontoon boats and two rowboats. Only hand-launched watercraft are allowed at the reservoir, and equipment has proven to be a popular addition to the water-sport activities offered on the property.

New Vehicle Ford F-250 - \$60,000 - One-Time

\$60,000 is being requested to purchase one new Ford F-250 for Rueter-Hess Rangers. The Rangers require reliable vehicles to provide customer service and public safety.

Fishery Management - \$60,000 - One-Time

Budget is needed to secure specialized services necessary to support Rueter-Hess Game Fishing as well as protect natural resources at the property. Items include fishery management and stocking of appropriate fish at the reservoir.

Recreation Dock - Phase II \$200,000 - One-Time

Rueter-Hess Reservoir's natural shoreline is rugged and unimproved, resulting in difficult and, at times, hazardous conditions that limit access to shoreline fishing and waterbased recreation. Currently, the public must walk through mud and vegetation on the shoreline to access the water for recreation and sport fishing. This budget is need to complete Phase II of the recreation dock and eliminate this inconvenience.

<u>Trailhead Planning – Hess Road - \$25,000 One-Time</u>

As residential development surrounding the Rueter-Hess property continues to expand, additional trailhead planning is needed to keep pace with the anticipated growth in visitation. In 2023, the Rueter-Hess Incline Trailhead was the fourth-busiest trailhead in Douglas County; thus, the Rueter-Hess advisory board has authorized an additional master plan support of \$25,000.

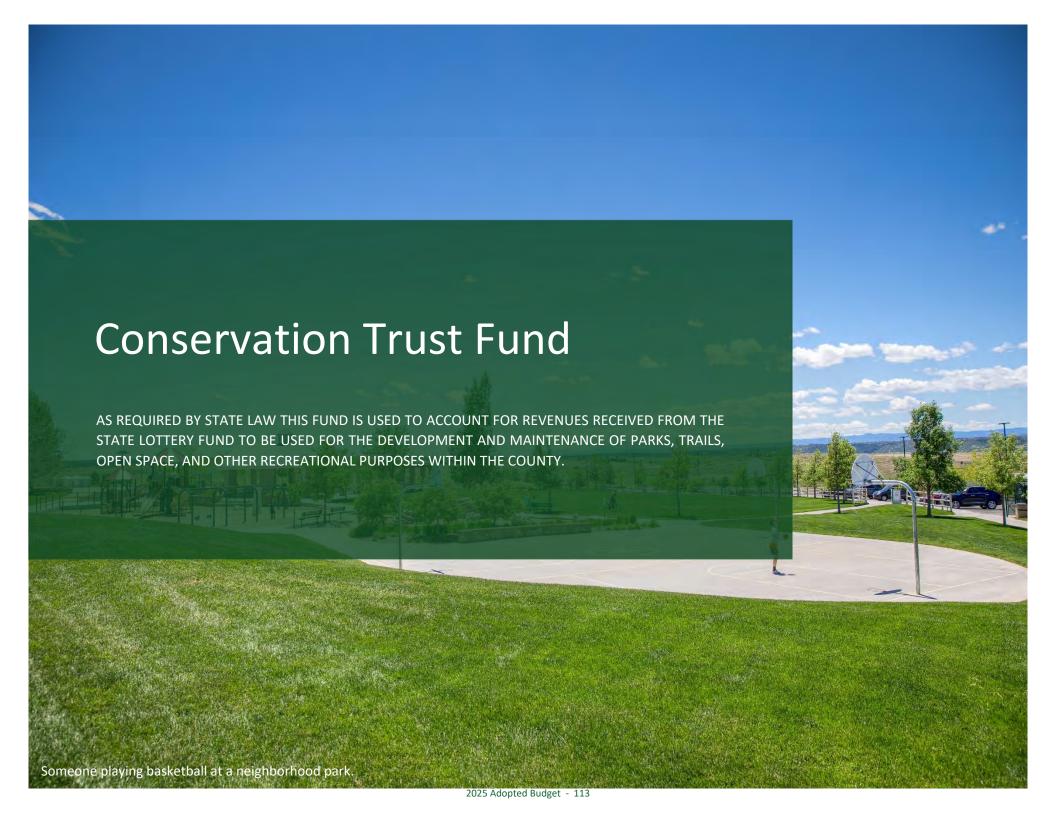

<u>Trailhead Improvements – Incline - \$50,000 One-Time</u>

\$50,000 of one-time budget is being requested for Incline Trailhead improvements. The Incline Trailhead is a popular destination for day use and special events. Additionally, the Parker Water and Sanitation District (PWSD) intends to construct a waterwise demonstration garden near the Incline Trailhead. Staff believes coordinating this project with the PWSD will enable both areas to function as a combined amenity that can better serve the community at large.

Douglas County Government 2025 Conservation Trust Fund Recommended New Requests

Division / Project	Request Description	One-Time Amount	Ongoing Amount
800600	Highlands Heritage Regional Park - Playground & Restroom Improvements	\$ 2,750,000	
Conservation Trust	Fund Total	\$ 2,750,000	\$ 0

CONSERVATION TRUST FUND \$2,750,000 One-Time

Highlands Heritage Regional Park - Construction Design and Engineering Services - \$2,750,000 One-Time

\$2,750,000 of funding is dedicated to the replacement of the main playground and the current restroom / concession building at Highlands Heritage Regional Park (HHRP). The main playground at HHRP was replaced and improved in 2002. Now, 22 years later, the playground structure has approached the end of its useful life. The new playground will be designed to create an inclusive space for all ages and abilities. In addition, the current restroom / concession building construction will include updated restrooms with heating for year-round use, multiple single-occupant restrooms, increased ADA accessibility, and enhanced privacy.

CAPITAL EXPENDITURES FUND

\$1,033,450 One-Time

BUILDING MAINTENANCE

Floor-Covering Replacements - \$19,400 One-Time

\$19,400 of budget is allocated for replacing and repairing aging and worn carpet in various County facilities. The budget is critical as the current carpet poses significant tripping hazards, particularly where the seams have been glued. These hazards not only compromise the safety of staff and visitors by increasing the risk of accidents and injuries. By addressing these issues promptly, the County will ensure a safe environment for everyone.

Door Hardware Replacements - \$15,000 One-Time

The budget includes \$15,000 for door hardware replacements due to annual wear and tear. The request covers a variety of essential components, including door closers, lock sets, cylinder cores, door sweeps, and key blanks. Ensuring that doors function properly is crucial for maintaining the safety and security of County buildings and preventing vandalism.

<u>Furniture and Equipment Replacement and Ergonomic Chairs</u> - \$99,750 One-Time

The budget includes \$99,750 to replace furniture and equipment in County facilities as needed throughout the year. This expense covers a range of ergonomic furniture and supplies, enabling the Facilities department to address various requests on an "as needed" basis. These requests may include items such as desks, chairs, chair mats, keyboard trays, bookcases, filing cabinets, tables, and other miscellaneous office and staff necessities. By

providing ergonomic furniture, the budget aims to enhance the comfort, productivity, and well-being of County staff.

Elections Security Camera Replacement - \$35,000 One-Time
The budget includes \$35,000 for Elections security camera
replacement. The current cameras are discontinued and can no
longer be repaired, which will leave the facility unable to be
monitored and create a security vulnerability.

CSU Building Automation System Upgrade - \$6,000 One-Time
The budget includes \$6,000 to upgrade the current CSU building automation system. The existing system has reached the end of its life and is no longer capable of supporting software updates.
Upgrading to a new system is essential to maintaining a computerized, climate-controlled environment for both the public and staff. This upgrade will ensure that the building continues to provide a comfortable and efficient space for everyone who uses the facility.

Parker Yard Security Camera Replacement - \$50,000 One-Time The budget includes \$50,000 for Parker Yard security camera replacement. The current cameras are discontinued and can no longer be repaired, which will leave the facility unable to be monitored and create a security vulnerability.

<u>CSU Security Component Upgrade - \$15,000 One-Time</u>

The new funding request includes \$15,000 to install an access control system to the building. This system will enhance security by providing detailed accountability for those who accesses the building, ensuring that only authorized personnel can enter.

Additionally, it will facilitate quicker access for employees and the Fire Department during emergencies.

<u>Highland Heritage Parks Administration Air Handler Replacement -</u> \$53,000 One-Time

The budget includes \$53,000 to replace the existing air handler at the Highland Heritage Parks Administration building. The current unit, which is 24 years old, has passed its expected lifespan of 15 - 20 years. Additionally, the refrigerant used in this unit is being phased out and is no longer manufactured. Over the past few years, the air handler has required major repairs, leading to frequent downtime and an inability to provide adequate cooling during the summer months. Replacing this outdated unit is essential to ensure reliable and efficient cooling for the building, thereby maintaining a comfortable environment for staff and the public.

<u>Countywide Building Security Component Upgrade - \$27,800 One-</u> <u>Time</u>

The budget includes \$27,800 for security system component replacements across all County buildings. This request will enable the County to maintain an inventory of essential parts, ensuring that any immediate needs for replacement or repair can be promptly addressed. Additionally, this budget will cover the costs associated with addressing critical security risks, such as malfunctioning door locks, card readers, and faulty cameras. By proactively managing these components, the County aims to enhance the overall security and safety of its buildings, ensuring that all systems function reliably and effectively.

EXTERIOR BUILDING MAINTENANCE

Philip S. Miller (PSM) / Wilcox / Park Meadows Center
Uninterruptible Power Supply (UPS) Battery Replacements \$33,500 One-Time

The budget includes \$33,500 to replace the Uninterruptible Power Supply (UPS) batteries for replacement on the PSM Building, (\$16,000), Wilcox Building (\$7,500), and Park Meadows Center (\$10,000). The replacement is critical to ensuring that no information is lost during a power outage. The UPS batteries, which are scheduled for replacement every four years, are being replaced to avoid interruptions to the operations of these facilities. Ensuring the timely replacement of these batteries is essential for maintaining the reliability and efficiency of the power supply systems in these buildings.

<u>Philip S. Miller Parking Garage Concrete Repairs - \$18,000 One-</u> Time

\$18,000 is needed for concrete repairs at the PSM parking garage entrance at 100 Third St. As the primary entry into the garage, the concrete is cracked from heavy vehicle use. The uneven concrete poses a public safety hazard, making the repairs essential to prevent potential accidents and ensure safe access for all users.

Philip S. Miller Garage Joint Repairs - \$7,000 One-Time

The budget includes \$7,000 to repair and replace the expansion joint material on the first and second levels of the PSM parking garage. Due to the age and high use of the parking garage, the caulking in the expansion joints has worn away in multiple areas. Failure to repair the joints will lead to major repairs in the future.

Philip S. Miller North Parking Lot Overlay - \$80,000 One-Time
The budget includes \$80,000 for parking lot milling and overlay of
the parking lot north of the PSM Building. Given the increased use
by citizens and staff, the asphalt surface has become worn and
unsafe. These repairs are needed to prevent tripping hazards and
prevent damage to vehicles.

<u>Parking Lot Maintenance / Overlay - Countywide - \$100,000 One-</u> Time

The budget includes \$100,000 for parking lot maintenance for various County facilities. Work includes asphalt maintenance, stripping, crack sealing, pothole patching and any other costs associated with parking lot maintenance. Annual maintenance is needed to prevent more expensive repairs in the future.

Castle Rock Car Wash Concrete Replacement - \$20,000 One-Time Funding of \$20,000 is needed for the concrete replacement at the east side of the Castle Rock carwash. The concrete pad next to the vacuum area has developed significant cracks and needs to be replaced. As part of this project, it is recommended that a curb and gutter system be installed to manage water runoff effectively. Completing this replacement will not only address the current damage but also help mitigate the need for future repairs.

Exterior Building Maintenance – Countywide - \$27,500 One-Time The budget includes \$27,500 for the exterior maintenance of all County buildings. This includes roof repairs, exterior painting, sidewalk repairs, window replacement, cleaning and maintenance, and repairs of all outdoor break areas.

<u>Traffic Services / Park Meadows Center Fire Panel Replacements - \$26,500 One-Time</u>

The budget includes funds to replace existing outdated fire panels at both Park Meadows Center and the Traffic Services complex. The existing fire panels have encountered numerous issues over time and have now reached the end of their lifespan. Replacing these panels is crucial to prevent potential safety hazards and ensure the continued safety and security of these facilities.

FLEET

Plasma Cutter Replacement - \$10,000 One-Time

Funding of \$10,000 is needed to replace a plasma cutter that has become obsolete. Parts for the existing plasma cutter have become scarce and will eventually become unavailable. The unit is necessary for daily metal repair and fabrication operations.

Light-Duty Vehicle Lifts - \$75,000 One-Time

The budget includes \$75,000 to replace one vehicle lift that has become obsolete and add one additional lift. The current lift has exceeded its maximum lifespan, posing significant safety risks to the technicians operating it.

FAIRGROUNDS FACILITIES MAINTENANCE AND IMPROVEMENTS

Fairgrounds Exterior Building Maintenance – \$56,500 One-Time
The budget includes \$56,500 for repairs on the exterior of
buildings at the Fairgrounds. These repairs include sealing
retaining walls, priming, and repainting handrails, and sealing
joints between buildings and concrete walkways. These repairs,
and improvements will prevent further deterioration of facilities,

thus, preventing accidental injuries, damage or loss of assets, and more costly repairs in the future.

Fairground and Equipment Replacement - \$39,500 One-Time

 <u>Fairgrounds Furniture and Equipment Replacement</u> – \$8,500 One-Time

Additional budget of \$8,500 is needed to replace furniture and equipment at Fairgrounds facilities. This includes replacing chairs, tables, pipes, livestock pens, and gates. Replacing these will prevent inventory shortage for event holders and provide a professional appearance to visitors.

<u>Fairgrounds Classroom Table Replacement - \$31,000 One-</u>
 Time

Additional budget of \$31,000 is needed to replace 50% of the Events Center Conference Room tables. The current tables are 25 years old and have significant wear. Upgrading these tables will not only enhance the functionality and appearance of the conference room but also help maintain a positive image of the Fairgrounds within the community.

Fairgrounds Parking Lot Maintenance – \$28,000 One-Time
The budget includes \$28,000 for ongoing repairs to the Fairground facilities parking lots. Budget being requested is for general maintenance, which includes minor curb and gutter repairs, crack seal, and asphalt maintenance and restriping of lots. Failure to make these repairs may cause deterioration of the parking lots, creating hazards for visitors and staff.

Fairgrounds Security Camera Replacement - \$35,000 One-Time
The budget includes \$35,000 for replacement of all security
cameras at the County Fairgrounds. The current cameras are
discontinued and can no longer be repaired, which will leave the
facility unable to be monitored and create a security vulnerability.

<u>Fairgrounds Indoor Arena Bleacher Wall Panels Replacements - \$57,000 One-Time</u>

Additional budget of \$57,000 is needed to replace the existing bleacher wall panels in the indoor arena with a durable metal and DensGlass substrate product. The current panels have deteriorated significantly due to the rigorous cleaning processes necessary to maintain their appearance. The new materials will ensure a longer lifespan and better withstand the harsh conditions and maintain a high standard of appearance.

Fairgrounds Administration Office Remodel - \$18,000 One-Time \$18,000 additional budget is needed to reconfigure the office layout of the administration portion of the Fairgrounds office. The remodel will create individual workspaces for three event coordinators, significantly enhancing their work environment. The improvements aim to boost the morale, productivity, and overall workplace culture of the event coordinators and equip them to reach their full potential.

Fairgrounds Kirk Hall Floor Repair – \$49,500 One-Time \$49,500 additional budget is needed to restore and refinish the Kirk Hall, Main Hall, and the entrance floors. Currently, the floors are uneven, stained, and are a challenge to maintain. If these repairs are not completed, the floors will remain in poor condition, posing potential safety hazards and detracting from the overall appearance and functionality of the space.

<u>Fairgrounds – Event Center Trash Can Replacement - \$9,000 One-</u> Time

\$9,000 of new budget is being requested to replace the Events Center trash cans in public areas. The current trash cans have broken hinges, dents, scratches, and generally unsightly and outof-date style.

Fairgrounds Floor Repair and Maintenance - \$22,500 One-Time \$22,500 additional budget is needed for repairs and upkeep of the various floor surfaces in the buildings. The James E. Sullivan Center lobby needs annual maintenance to maintain the warranty. Kirk Hall and the indoor arena kitchens need to be repaired and maintained to prevent cracking and lifting. The dirt floors in the arenas need material added annually to maintain the correct consistency for safety of both animals and participants. These repairs and upkeep efforts are essential to maintaining clean facilities and minimizing the risk of unsafe conditions for our citizens and staff.

TITLE Commitment of Fund Balance	Approval Date 07/11/06
POLICY CUSTODIAN Finance	Revision Date 10/10/21

PURPOSE: To formalize the County's practice of maintaining adequate fund balance levels for mitigating current and future risks of

revenue shortfalls or unanticipated expenditures and to protect the County's creditworthiness and financial position from

unforeseen emergencies.

DEPARTMENT

RESPONSIBLE: Finance

DEPARTMENT(S) AFFECTED: All

POLICY:

It shall be County policy to maintain appropriate levels of non-spendable, restricted, committed, assigned, and unassigned fund balances to conform with legal requirements and to ensure a continued strong financial position.

The Annual Financial Report shall show all fund balance classifications as required by Generally Accepted Accounting Principles (GAAP).

Non-spendable, restricted, committed, assigned, and unassigned fund balance levels shall be considered when developing and amending the County budget.

Scope:

This policy will apply to all funds approved by the Board of County Commissioners, including new funds when established.

Definitions:

<u>Fund Balance</u> – Fund balance is the excess of assets/deferred outflows over liabilities/deferred inflows in a governmental fund. Fund balance is accumulated when revenues exceed expenditures and decreased when revenues are less than expenditures.

Non-spendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in a spendable form or is legally or contractually required to be maintained intact.

<u>Restricted Fund Balance</u> – The portion of fund balance constrained for a specific purpose by external parties, constitutional provisions, or enabling legislation. Effectively, restrictions on fund balance may only be changed or lifted with the consent of resource providers.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes determined through a formal action taken by the Board of County Commissioners prior to the end of the current fiscal year. Commitments may be removed or changed only by referring to the formal action that imposed the constraint originally.

Assigned Fund Balance – The portion of fund balance set aside for planned or intended actions. The intended use may be expressed by the Board of County Commissioners or other individuals authorized to assign funds to be used for a specific purpose. In governmental funds other than the general fund, assigned fund balance represents the amount that is not non-spendable, restricted, or committed. This indicates that resources in these funds are, at a minimum, intended to be used for the purpose of that fund.

<u>Unassigned Fund Balance</u>—This is the residual portion of fund balance that does not meet any of the above criteria. The County will only report a positive unassigned fund balance in the General Fund.

Net Position – This is the difference between assets/deferred outflows and liabilities/deferred inflows in an internal service fund.

Governmental Fund Balance Classifications:

The appropriate fund balance classifications shall be included in each governmental fund as necessary or required by GAAP. In the annual financial report, all governmental funds report various fund classifications that comprise a hierarchy primarily based on the extent to which the County is bound to honor constraints on the specific purposes, for which amounts in those funds can be spent. Policy cannot consider every situation that could occur; therefore, the County Manager shall have discretion to deviate should circumstances warrant. However, the following descriptions are a guideline of what can be expected to be appropriate in each fund balance classification.

Non-spendable

- Accounts Receivable Long-term receivables for intergovernmental loans.
- Inventory The value of inventories that are not expected to be converted into cash.
- Prepaid Items The valued of the prepaid assets held as non-cash assets.

Restricted

- TABOR Reserves Amendment One to the state constitution (Article X, Section 20), passed by voters in 1992, requires that reserves equal to 3% of the fiscal year spending be established for declared emergencies.
- Grant Funding Unspent grant funding received that must be used for specific programs as stipulated by the Grantor.
- Sales and Use Taxes Unspent sales and use tax revenue in sales and use tax funds.
- Voter Approved Funds

Committed

- Contractual Obligations Resources specifically committed for use in satisfying contractual requirements. Could include amounts encumbered on outstanding purchase orders.
- Emergency Operating Funds Funds set aside to meet operating expenses in the event of an emergency/disaster as set forth in the County's emergency operations policies.
- Purchases on
- Subsequent Year Expenditures Appropriation of existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget.

Assigned

- Risk Reserves The County uses an analytical model based upon probability management to determine the amount of risk reserves required to provide for an emergency. These emergency risk reserves are calculated for, and identified in; the General, Road and Bridge and Law Enforcement Authority funds.
- Designated Projects The estimated cost of planned or desired, but not required, specific projects as requested by the Board of County Commissioners or other authorized individuals.
- Residual Fund Balance In governmental funds, other than the General Fund, assigned fund balance will include any amount that is not non-spendable, restricted, or committed. This indicates that these resources are, at a minimum, intended to be used for the purpose of that fund. Sales and use tax funds must maintain a minimum residual fund balance of \$100K. Funds that are primarily funded with property tax revenue must maintain a minimum residual fund balance of \$200K with the exclusion of the Developmental Disabilities fund, which has no minimum residual fund balance requirements.

Unassigned

• Residual Fund Balance – This is the residual fund balance classification for the General Fund and will contain any fund balance not already classified and must never fall below \$200,000. If for any reason any other governmental fund should have a negative fund balance the negative residual fund balance would be reported as unassigned.

Internal Service Net Position Requirements:

Net position of the County's internal service funds ensure that the funds can continue to provide service without interruption or the need for additional support from the County's General Fund. The County maintains 3 internal service funds to provide self-insurance activities for worker's compensation/unemployment; property/liability; and medical, dental, vision benefits for current employees. Minimum reserves of \$250,000 have been set for the worker's compensation/unemployment fund and the property/liability fund. Minimum reserves in the medical, dental, vision fund must be equal to 5% of the previous year's claims less amounts held as actuarial claims.

TITLE	Approval Date
Emergency Reserve Policy	9/9/19
POLICY CUSTODIAN Finance	Revision Date

PURPOSE: This policy establishes the amounts the County will strive to maintain in governmental fund emergency reserves, how

the reserves will be funded, and the conditions, under which the reserves may be spent.

DEPARTMENT

RESPONSIBLE: Finance

DEPARTMENT(S)

AFFECTED: All

POLICY:

Reserves are one of Douglas County's most important hedges against risk. It helps ensure that the County can provide consistent, uninterrupted services in the event of economic disruption or an extreme event. For example, one of the County's most important revenue sources is the sales tax, which can be sensitive to economic downturns. Further, Douglas County could be affected by extreme events, like wildfires or floods. Holding sufficient reserves also helps Douglas County maintain a high level of creditworthiness and allows it to meet fiscal obligations as described in the adopted budget, despite normal cash flow fluctuations.

Amounts Held in Reserve

• The County will strive to hold 10% - 20% of annual budgeted operating expenditures in **total** emergency reserves (includes TABOR, emergency operating reserves, unassigned/residual assigned) for the governmental funds indicated below:

- General Fund
- Road and Bridge
- Law Enforcement Authority

These reserve amounts are expressed as a range, recognizing that fund balance levels can fluctuate from year to year in the normal course of operations for any local government.

If, based on the County's staff's analysis and forecasting, the target balance is not being met or is likely not going to be met at some point within a five-year time horizon, then a plan to meet the target balance will be developed. This plan will be presented to the County Board for consideration.

In addition to the amounts above, the County may choose to reserve additional amounts for purposes other than those described above. For example, the County may wish to set aside monies for a one-time investment in a special project or program. Any such reserve will be accounted for separately from the reserves described above. This separation is to prevent the funds the County needs to respond quickly and decisively to emergency situations from being tied up by other potential uses.

Periodically, the County will reassess the reserve targets described above in order to ensure they are appropriate given the risks that the County faces.

II. Funding Reserve Targets

Funding of unrestricted fund balance targets will come generally from one-time revenues, and revenues in excess of expenditures.

In emergency situations, the County may also temporarily move reserves between funds if a fund is short of resources. Any such transaction between funds must be paid back as expeditiously as possible. An inter-fund payable that can be repaid within one year can be approved by the County Manager. Any long-term inter-fund payable must be approved by the County Board. Any inter-fund transactions must not adversely impact the County's long-term financial condition, and the specific source and terms of repayment must be identified. The sales tax funds are excluded from this arrangement and all transactions must be legally allowable per Colorado State Statute.

III. Conditions for Use of Reserves

A. Use of Emergency Operating Reserves

It is the intent of the County to limit use of the emergency operating reserves to address unanticipated, non-recurring needs. Reserves shall not normally be applied to recurring annual operating expenditures. The reserves may, however, be used to allow time for the County to restructure its operations in a deliberate manner, such as might be required in the case of a severe economic downturn. However, such use will only take place in the context of a long-term plan to reach a sustainable budget structure.

B. Authority to Use Reserves

The County Board authorizes the use of reserves through the supplemental appropriations of the budget and the actual budget itself, both of which are heard at a Public Hearing. In all cases, the County Board and management shall only use reserves for purposes consistent with the purposes described in this policy.

C. Replenishment of Reserves

In the event reserves are used in an amount that takes the reserves below the County's target amounts, County staff shall propose a plan to the County Board for the replenishment of the reserves. The County will strive to replenish the reserves within one year of use but will fully replenish it within five years of use.

POLICY 3.3 FINANCIAL PLANNING AND BUDGET MONITORING REPORT

To:	Board of County Com	missioners		
From:	County Manager			
RE:	Internal Monitoring R	eport – Management Limita	ations	
Policy:	Policy 3.3 Financial Pl	anning and Budget		
Date:	December 10, 2024			
	, .	ort on your Management Li is true for the 2025 Propose		icy 3.3 Financial Planning and Budget. I certify that the
Signed:	Doug DeBord	, County Manager	Date:	December 10, 2024

POLICY 3.3 FINANCIAL PLANNING AND BUDGET MONITORING REPORT COMPLIANCE MATRIX

Management Limitation	Compliance	Partial- Compliance	Non- Compliance
3.3 With respect to strategic planning for projects, services and activities with a fiscal impact, the Count programmatic or fiscal integrity of county government.	y Manager ma	ay not jeopard	dize either
3.3.1 Deviates materially from the Board's Goal priorities, risks financial jeopardy, or is not derived from a plan projecting in two- and five-year increments.	х		
3.3.2 Deviate from statutory requirements.	Х		
3.3.3 Deviate materially from BOCC-stated priorities in its allocation among competing budgetary needs.	Х		
3.3.4 Contain inadequate information to enable credible projection of revenues and expenses; separation of capital and operational items; cash flow projections; audit trails; identification of reserves, designations and undesignated fund balances; and disclosure of planning assumptions.	Х		
3.3.5 Plan the expenditure in any fiscal year of more funds than are conservatively projected to be received in that period, or which are otherwise available.	х		
3.3.6 Allow designated working capital (or revenue shortfall) fund balance to fall below 10% of operating expenditures (or adopted revenues for sales tax or capital expenditures funds).	х		
3.3.7 Fail to maintain a Budget Contingency Plan capable of responding to significant shortfalls within the County's budget.	х		
3.3.8 Fail to protect, within his or her ability to do so, the integrity of the current or future bond ratings of the County.	Х		
3.3.9 Result in new positions or additions to the staffing without specific approval of the Board of County Commissioners.	Х		
3.3.10 Present a risk that relates to situations or conditions described as unacceptable in the Fiscal Management and Controls Policy (Policy 3.4).	х		
3.3.11 Provides less for Board activities during the year than is set forth in the Governance Investment Policy (Policy 2.10).	Х		
3.3.12 Fails to show reserves and designations subject to the requirements of the law and "Generally Accepted Accounting Principles."	х		
3.3.13 Fails to adequately plan for short and long-term capital or facility needs	Х		

3.3 With respect to strategic planning for projects, services and activities with a fiscal impact, the County Manager may not jeopardize either programmatic or fiscal integrity of county government.

Accordingly, the County Manager shall not allow budgets or financial planning that:

3.3.1 Deviates materially from the Board's Goal priorities, risks financial jeopardy, or is not derived from a plan projecting in two- and five-year increments.

Report: Compliance is reported based on my interpretation that all funds are in compliance with Administrative Policy III.2.7 (Commitment of Fund Balance Policy) and the fund summaries for the 2025 Proposed Budget are published with the five-year forecast.

Monitoring Reports:

- Compliance with Administrative Policy III.2.7 (Commitment of Fund Balance)
- 2025 published Fund Summaries (five-year forecast)
- Alignment of Board goals to budget spreadsheet

3.3.2 Deviate from statutory requirements.

Report: Compliance is reported based on my interpretation as the 2025 Preliminary Budget was presented to the Board on October 15, 2024, and the 2025 Proposed Budget is adopted on December 10, 2024.

Monitoring Reports:

- Per statute, the Preliminary Budget is presented to the Board of County of Commissioners by October 15, 2024.
- Per statute the Budget must be adopted by the Board of County Commissioners by December 15, 2024.

3.3.3 Deviate materially from BOCC-stated priorities in its allocation among competing budgetary needs.

Report: The Board adopts and supports the budget. The 2025 budget is derived using the Board's written goals which were approved on October 27, 2009, and revised 2013 and 2019, and most recently October 2022.

Monitoring Reports:

• Alignment of Board goals to budget spreadsheet

3.3.4 Contain inadequate information to enable credible projection of revenues and expenses; separation of capital and operational items; identification of non-spendable, restricted, committed, assigned and unassigned fund balances; and disclosure of planning assumptions.

Report: I report compliance as adequate information exists that:

- enables the credible projection of revenues and expenses as shown in the fund summaries;
- illustrates the segregation of capital and operational budget items as demonstrated in the fund summaries;
- specifically identifies fund balance type within the fund summaries; and
- discloses planning assumptions in both the budget memo and the transmittal letter.

Monitoring Reports:

- Revenue manual (information for projections of revenues)
- Quarterly financial statements and proposed budget
- Fund summaries (expenditure forecasting, separation of capital and operational items, identification of non-spendable, restricted, committed, assigned and unassigned fund balances)
- Transmittal letter (disclosure of planning assumptions)

3.3.5 Plan the expenditure in any fiscal year of more funds than are conservatively projected to be received in that period, or which are otherwise available.

Report: Compliance is reported. Assigned and Unassigned fund balances are in compliance with Administrative Policy III.2.7 (Commitment of Fund Balance Policy) demonstrating that I have not planned for expenditures greater than projected revenues and available assigned / unassigned fund balance.

Monitoring Reports:

• Fund Summaries – change in fund balance, restricted, committed, assigned and unassigned fund balance

3.3.6 Allow designated working capital (or revenue shortfall) fund balance to fall below 10% of operating expenditures (or adopted revenues for sales tax or capital expenditures funds).

Report: Compliance is reported based on my interpretation that I am in compliance with Administrative Policy III.2.7 (Commitment of Fund Balance Policy).

- Compliance with Administrative Policy III.2.7 (Commitment of Fund Balance)
- Fund Summaries Assignation for revenue shortfall and working capital 2025 Adobted Budget 191

3.3.7 Fail to maintain a Budget Contingency Plan capable of responding to significant shortfalls within the County's budget.

Report: Compliance is reported based on my interpretation that I am in compliance with Administrative Policy III.2.7 (Commitment of Fund Balance Policy). In addition, a Risk Reserve has been incorporated into the General Fund, Road and Bridge Fund and Law Enforcement Authority Fund based on a variety of different risk factors and the probability of these events happening; to include natural and man-made disasters and economic downturns. The County also has various of insurance policies to mitigate financial impacts on insurable events.

Monitoring Reports:

- Compliance with Administrative Policy III.2.7 (Commitment of Fund Balance)
- Fund Summaries Assignation for revenue shortfall and working capital

3.3.8 Fail to protect, within his or her ability to do so, the integrity of the current or future bond ratings of the County.

Report: Compliance is reported based on my interpretation that:

- Fiscal policies including the Administrative Policy III.2.7 (Commitment of Fund Balance Policy) are being adhered to;
- No debt has been incurred to fund operations; and
- The County has no general obligation debt and therefore is within the legal debt margins.

Monitoring Reports:

- Compliance with Administrative Policy III.2.7 (Commitment of Fund Balance)
- Unbudgeted or unplanned use of Fund balance.
- Issuance of debt to finance operating expenditures
- Issuance of General Obligation debt or revenue bonds have been issued beyond the capacity to repay them

3.3.9 Result in new positions or additions to the staffing without specific approval of the Board of County Commissioners.

Report: I report compliance based on my interpretation.

- Budget adoption resolution (baseline report for year)
- Position tracking report HR show change in staffing levels (addition/deletions)

3.3.10 Present a risk that relates to situations or conditions described as unacceptable in the Fiscal Management and Controls Policy (Policy 3.4).

Report: Compliance is reported based on my interpretation and my compliance with Policy 3.4.

Monitoring Reports:

Policy 3.4 Fiscal Management and Control Report

3.3.11 Provides less for Board activities during the year than is set forth in the Governance Investment Policy (Policy 2.10).

Report: Compliance is reported based on my interpretation that budget exists for 2025 for the areas of the Board's spending authority including the Board's specific business unit, Board of Equalization, Legislative Services, and Audit Services.

Monitoring Reports:

• Compliance with Policy 2.10 which requires the budget established by the Board in October and November be appropriated (will include all Business Units in their spending authority, BOCC, BOE, Legislative Services, Audit Services, etc.)

3.3.12 Fails to show non-spendable, restricted, committed, assigned and unassigned fund balances subject to the requirements of the law and "Generally Accepted Accounting Principles."

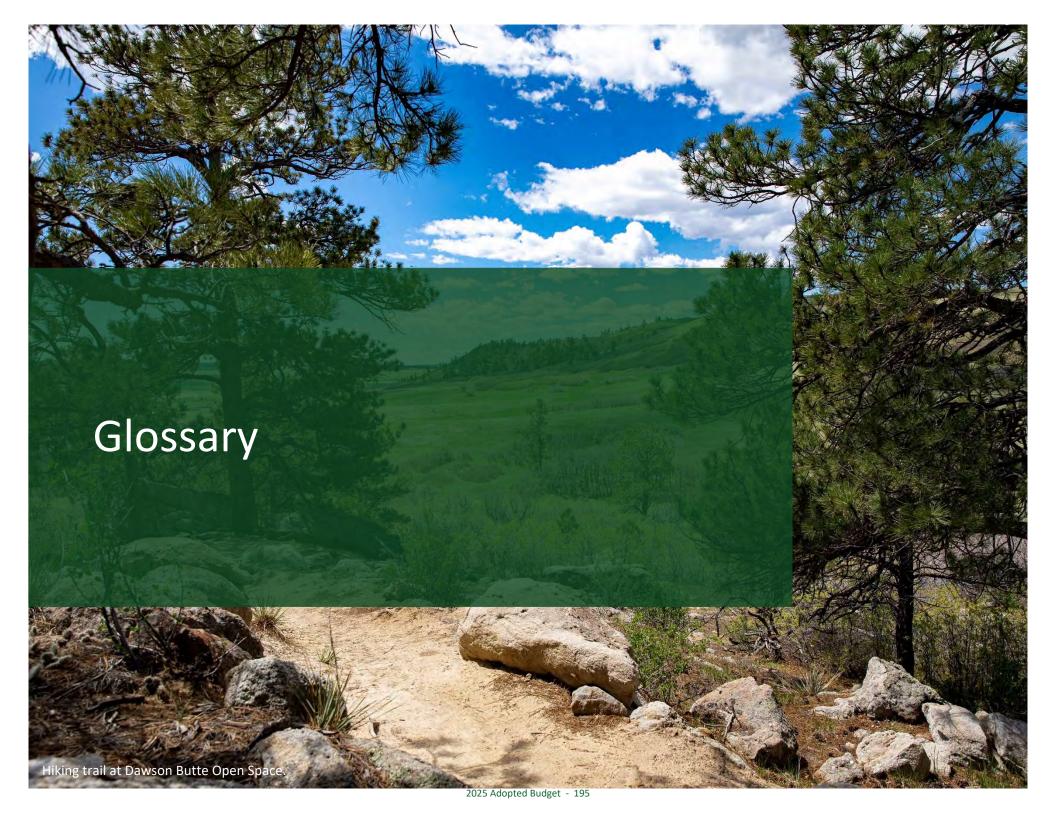

Report: Compliance is reported based on my interpretation that I am in compliance with Administrative Policy III.2.7 (Commitment of Fund Balance Policy), which was developed based on statutory requirements and best practices.

- Compliance with Administrative Policy III.2.7 (Commitment of Fund Balance) developed based on statutory requirements and GASB best practices
- Fund Summaries non-spendable, restricted, committed, assigned and unassigned

3.3.13 Fails to adequately plan for short and long-term capital or facility needs.

Report: I report compliance based on my interpretation.

- The departments prepare 5-year capital improvement plans each year for roads, open space, parks, and facilities. These are published in the preliminary and proposed budgets each year.
- Facilities Management reviews and updates the Five-Year Capital Improvement Schedule for Facilities annually during the budget process.
- Facilities Management contracts with third party consultants to update Long Term Master Facility plans for up to 20 years on an as needed basis. The update schedule is determined by current economic and staffing conditions in consultation with the Elected Officials, County Manager and Department Directors. The last overall update for county facilities covers from April 2001 to 2020 and the one for the Douglas County Sheriff's Office covers from May 2007 to 2025. A Master Plan Study for Clerk and Recorder, Assessor, Traffic Services and Tri-County Health Department was completed in 2016. Facilities Management has updated the Facilities Internal Planning Assessment in 2017.

GLOSSARY

<u>ACCRUAL BASIS</u> - The method of accounting, in which transactions are recognized when they occur, regardless of the timing of related cash flows. Under this method, revenue is recognized when it is earned, regardless of when cash is received. Likewise, expenditures are recognized when liabilities are incurred, not when cash is paid.

<u>ACTUAL VALUE</u> - The value of real and personal property as appraised by the County Assessor for the purpose of determining assessed value and assessing property taxes.

<u>ADDENDUM</u> - A written change, addition, alteration, correction, or revision to a bid, proposal, or contract document. An addendum is not to be confused with a change order.

<u>ADOPTED BUDGET</u> - Refers to the amounts originally approved by the Board of County Commissioners by December 15th for the next calendar year, and the document that consolidates all beginning-of-the-year operating and new capital project appropriations. See also: Capital Budget and Operating Budget.

<u>AGENCY, OUTSIDE</u> - A governmental or community-based unit outside County government, that is receiving County funding (e.g., mental health agencies, soil district, Tri-County health department, etc.).

<u>AGENCY, SPENDING</u> - An official or unit exercising budgetary control over its operations. Elected officials, department officials / directors, and outside agencies are examples of spending agencies.

<u>APPROPRIATION</u> - The legal authorization made by the Board of County Commissioners to the departments, offices, and agencies of the County that approves their budgets and allows them to make expenditures and incur obligations for specific purposes within the amounts approved.

<u>ARPA</u> – American Rescue Plan Act of 2021, also called COVID-19 Stimulus Package, signed into law March 11, 2021, to speed up the United States recovery from the economic and health effects of the COVID-19 pandemic.

<u>ASSESSED VALUATION, COUNTY</u> - The total value of all real and personal property in the County that is used as a basis for levying taxes. Tax-exempt property is excluded from the assessable base.

ASSESSED VALUE - The value of real and personal property that is subject to a taxing entity's' tax rate (mill levy), calculated as the actual (market) value multiplied by the assessment rate.

<u>ASSESSMENT RATE</u> - The rate established by the Colorado State legislature that when applied to the actual value of real and personal property, determines the assessed value of property. Residential assessment rates change every reappraisal (odd) year to keep the residential property taxes generated statewide at 45% of all property taxes.

<u>ASSIGNED FUND BALANCE</u> - The portion of fund balance set aside for planned or intended actions. The intended use may be expressed by the Board of County Commissioners or other individuals authorized to assign funds to be used for a specific purpose. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in these funds are, at a minimum, intended to be used for the purpose of that fund.

<u>AUTHORIZED SIGNATURE</u> - Each Department Head / Elected Official shall designate individuals in their department / office who are authorized to sign documents. The Finance Department maintains an authorized signature log that is used to monitor signing authority. All documents received without the proper authorized signature(s) will be returned for correction.

<u>AWARD</u> - The acceptance of a bid or proposal or the presentation of a purchase order and a fully executed contract, as applicable.

<u>BALANCED BUDGET</u> - A budget, in which revenues plus unreserved fund balance is equal to or greater than expenditures.

<u>BALANCED SCORECARD</u> - A strategic planning and management system that is used extensively in worldwide business and industry, government, and nonprofit organizations, to align business activities to the vision and strategy of the organization, improve internal and external communications, and monitor organizational performance against strategic goals.

<u>BEST PRACTICE</u> - A business process, activity, or operation that is considered outstanding, innovative, or exceptionally creative by a recognized peer group. It may be considered a leading-edge activity that has been successfully adopted or implemented and has brought efficiency and effectiveness to an organization resulting in improved productivity, quality, reduced costs, and increased customer service.

<u>BEST PRICE</u> - Pricing, in the form of a bid, proposal, or quote that is not necessarily the lowest, but rather is what best fits the needs and interests of the County. Best Price is based on price, quality of goods or services to be provided, ongoing maintenance, warranty, support, previous experience with the vendor, the ability to meet all the County's specifications and requirements, and any other factors, reasonably related to the overall cost to the County.

<u>BID BOND</u> - An insurance agreement in which, a third-party surety agrees to be liable to pay a certain amount of money in the event the respondent's bid / proposal is accepted by the County, and the respondent fails to accept the contract as awarded and approved as to form, by the County Attorney.

BOND - An interest-bearing note issued to borrow monies on a long-term basis.

<u>BUDGET</u> - The financial plan for the operation of a program or organization. The plan may be single or multi-year.

<u>BUSINESS</u> - Any corporation, limited liability company, partnership, individual, sole proprietorship, joint-stock company, joint venture, or other private legal entity.

<u>CHANGE ORDER</u> - A written order, signed by the Department Director / Elected Official, or their designee, directing the vendor to make changes to the original purchase order and / or contract. A Change Order shall be prepared before the requested change(s) are made and are not to be performed by the vendor until the Change Order is properly approved, and the Purchase Order amended to reflect the requested change.

<u>CAPITAL BUDGET</u> - The budget for capital improvement projects, vehicles, equipment, and major computer system purchases. The capital budget includes infrastructure improvements, facilities, automated systems, fleet replacement, and parks development.

<u>CAPITAL EXPENDITURE OR OUTLAY</u> - The use of resources to acquire or construct a capital asset.

<u>CAPITAL IMPROVEMENTS OR EQUIPMENT</u> - Public facilities and infrastructure (buildings, bridges, and roads) and major shared equipment resources (computer systems and telephone systems).

<u>CAPITAL IMPROVEMENT PLAN (CIP)</u> - A schedule of capital project expenditures for facilities, infrastructure improvements, and parks and trails development.

<u>CARES ACT</u> - Coronavirus Aid, Relief, and Economic Security (CARES), Act of 2020 was signed into law March 27, 2020, in response to the economic fallout from the COVID-19 pandemic.

<u>CASH-IN-LIEU</u> - Monies donated by new developments as an alternative to allocating prescribed amounts of open space or providing certain improvements.

<u>CERTIFICATE OF PARTICIPATION (COP)</u> - A form of lease revenue bond that permits the investor to participate in a stream of lease payments, installment payments or loan payments, relating to the acquisition or construction of land or facilities.

CJRA - Criminal Justice Records Act.

<u>COLORADO REVISED STATUTES (C.R.S.)</u> - A body of laws governing conduct within the State of Colorado.

<u>COMMITTED FUND BALANCE</u> - The portion of the fund balance that can only be used for specific purposes according to limitations imposed by the Board of County Commissioners. The constraint may be removed or changed only by formal action of the Board of County Commissioners.

<u>COMPETITIVE SEALED BID</u> - A process used to acquire supplies and / or services that involves the review of written sealed bids presented by vendors. Such bids are awarded based on criteria contained in the bid documents.

<u>CONFLICT OF INTEREST</u> - A clash between the public interest and the private interest of the individual(s) concerned. The term identifies those situations where contractors may obtain a benefit from a public contract. Conflicts of interest may result in a breach of ethics.

CONSERVATION TRUST - State of Colorado lottery funds remitted to the County for parks and recreation use.

<u>CONSTRUCTION</u> - The process of building, altering, repairing, improving, or demolishing any County structure or building or any other County improvements, of any kind, to any County property.

CONSUMER PRICE INDEX (CPI) – Consumer Price Index

CONTINGENCY - A budget line item specifically appropriated for unforeseen and unbudgeted expenditures.

<u>CONTRACT</u> - Any type of agreement, regardless of what it may be called, for the procurement or disposal of supplies, services, or construction.

<u>CONTRACT AMENDMENT</u> - Any written alteration of specifications, delivery point, rate of delivery, period of performance, price, quantity, or other provision of a contract, accomplished by mutual action of the parties of the contract.

<u>COOPERATIVE PROCUREMENT</u> - The combining of requirements of two or more public procurement entities to leverage the benefits of volume purchases, delivery and supply chain advantages, best practices, and the reduction of administrative time and expenses. Cooperative procurement solutions offer resource-challenged agencies, the opportunity to gain needed operating efficiencies, as well as actual dollar savings. The demonstrated effectiveness of cooperative procurement to save taxpayer dollars, makes it a viable alternative to conventional, independent procurement processes.

<u>CREDCO</u> - The acronym for Castle Rock Economic Development Council Organization.

DAVIS BACON ACT (DBA) -

DCECA - The acronym for Douglas County Emergency Communication Authority.

<u>DESIGNEE</u> - A duly authorized representative of a person holding a position of authority within the County.

<u>DEVELOPMENT-RELATED FEES</u> - Those fees and charges generated by building, development, and growth in the County. Included are building and street permits, development review fees, zoning fees, and platting and subdivision fees.

DEBT SERVICE - The annual payment of principal and interest on the County's indebtedness.

<u>DCECC</u> – Douglas County Early Childhood Council.

<u>ELECTRONIC BENEFITS TRANSFER (EBT)</u> - Electronic payments made directly from the State to recipients and providers under Welfare Reform programs.

EMERGENCY AND DISASTER AUTHORIZATIONS RESOLUTION (EDAR) - A resolution that authorizes the County Manager, in the absence of the Board of County Commissioners, to act with the full authority of the Board of County Commissioners, during a State of Emergency.

<u>ENCUMBRANCE</u> - An amount of money committed and set aside, but not yet expended, for the purchase of a specific good or service.

<u>EMERGENCY CONDITION /EMERGENCY PURCHASE</u> - An emergency condition is a situation that creates a threat to public health, welfare, or safety, such as a situation that may arise by reason of fire, flood, epidemic, riot, equipment failure, or other such reasons as may be proclaimed by a using department / office. The existence of such conditions creates an immediate and serious need for supplies, equipment, materials, and services that cannot be met through normal procurement methods, and the lack of which, would threaten the function of County government, or the health, safety, or welfare of County residents.

EMERGENCY VEHICLE OPERATORS COURSE (EVOC) - A public safety driving facility for training law enforcement and first responders.

EXPENDITURE - An actual payment made by County check, wire, automated clearing house (ACH), or purchasing card.

<u>FEES</u> - Any charge levied by Government, associated with providing a service or imposing a fine or penalty. Major types of fees include zoning / platting fees, user charges, building permits, and vehicle registrations.

<u>FEMA</u> - The acronym for Federal Emergency Management Agency.

<u>FISCAL POLICY</u> - The County Governments' policies, with respect to taxes, spending, and debt management, as these relate to government services, programs, and capital investment. Fiscal policy provides a consistent set of principles for planning and programming government budgets.

<u>FISCAL YEAR</u> - The 12-month period (January 1 - December 31), to which the annual budget applies, and after which, the County determines its financial position and operating results.

<u>FIXED CHARGES</u> – Expenditures that are constant from one period to another. For example, the monthly rental amount of an annual lease would be a fixed charge.

<u>FOB (FREE ON BOARD)</u> - A term used in conjunction with an identified physical location, to determine the responsibility and basis for payment of freight charges, and the point, at which title for the shipment passes from seller to buyer. FOB Destination: A shipment to be delivered to a destination designated by the buyer and the point at which the buyer accepts title. FOB Shipping Point (Origin): A shipment to be delivered to a destination designated by the buyer; with the buyer accepting title at the shipping point.

<u>FRINGE BENEFITS</u> - Personnel cost (Social Security taxes, medical / dental insurance premiums, life / disability insurance premiums, workers' compensation, etc.) supplemental to employees' salary and wages, that are paid wholly or in part by the County.

<u>FULL-TIME EQUIVALENT (FTE)</u> - The conversion of staff time into the decimal equivalent. One full-time position (1.0 FTE) is defined as working 2,080 work hours; a half-time position (.50 FTE) requires 1,040 work hours, etc.

<u>FUND BALANCE</u> - The excess of assets over liabilities. Fund balance is accumulated when revenues exceed expenditures and decreased when revenues are less than expenditures.

GASB – Governmental Accounting Standards Board

<u>GEOGRAPHICAL INFORMATION SYSTEM (GIS)</u> - A system designed to capture, store, manipulate, analyze, manage, and present spatial or geographic data. GIS applications are tools that allow users to create interactive queries, analyze spatial information, edit data in maps, and present the results of all these operations.

GID - General Improvement District

<u>GOAL</u> - A long-range, desirable development, attained by time-phased objectives and design to implement a strategy.

<u>GOVERNMENTAL FUND</u> - An accounting term for a fund with a spending focus.

<u>HAZMAT</u> - The acronym for a substance designated as a hazardous material by the Environmental Protection Agency.

HIDTA - An acronym for High Intensity Drug Trafficking Area.

<u>INFRASTRUCTURE</u> - Public domain fixed assets such as roads, bridges, curbs, gutters, streets, sidewalk drainage systems, lighting, and similar immovable assets.

<u>INTERGOVERNMENTAL AGREEMENT (IGA)</u> - A concord between two or more governmental units, to jointly identify, plan, and / or implement a task for their mutual benefit.

<u>INTERDEPARTMENTAL CHARGES</u> - The charges to user departments for internal services provided by another County agency, such as information processing, or for insurance funded from a central pool.

<u>INTERGOVERNMENTAL REVENUES</u> - Revenue from other governments, primarily federal and state grants, but also other local governments.

<u>INTERNAL SERVICE FUND</u> - A fund that accounts for goods or services provided to other departments or agencies on a cost-reimbursement basis. Such funds are generally referred to as "charge back" agencies and include self-insurance funds (Employee Benefits and Property & Liability Insurance).

<u>INVITATION FOR BID (IFB)</u> - A procurement method that uses formal business documents to solicit competitive sealed bid responses.

<u>LAW ENFORCEMENT AUTHORITY (LEA)</u> - A taxing authority created in 1975 for the purpose of providing additional law enforcement by the County Sheriff to the residents in unincorporated areas of the County.

<u>LEAP (LOW-INCOME ENERGY ASSISTANCE PROGRAM)</u> - LEAP is a federally funded program administered by the Colorado Department of Human Services designed to assist low-income families with winter heating costs for low-income families.

<u>LEGAL NOTICE</u> - A public notice / announcement of a forthcoming solicitation or meeting generally placed in a newspaper of general circulation.

<u>LIMITED BENEFIT TEMPORARY</u> - A temporary benefits employee, who is working a minimum of 30 hours a week and is eligible for medical insurance and paid County holidays.

<u>LIQUIDATED DAMAGES</u> - A specific sum, stated in a contract, to be paid by the party who is in default, or who breached the contract, to the other party, in settlement for damages.

<u>LOCAL IMPROVEMENT DISTRICT (L.I.D.)</u> - An administrative subdivision of the County, that exists primarily to assess the cost of public improvements, to those who benefit from the improvements.

MDT – The acronym for Mobile Data Terminal, a computerized device used in patrol vehicles to communicate with Dispatch.

<u>MANAGEMENT LIMITATIONS</u> - Boundaries established by the Board of County Commissioners, within which, the County Manager and staff may freely operate. These limiting policies identify all conditions that are unacceptable.

MILL LEVY - The tax rate expressed in thousands. The rate set by a taxing entity that when applied to 1/1000th of the assessed value of a property, generates property taxes. A 19.774 mill levy against a home with an actual value of \$350,000 would generate \$523 in property taxes. See also Tax Rate.

NON-SPENDABLE FUND BALANCE - The portion of fund balance that cannot be spent because it is either not in spendable form, or legally or contractually required to be maintained intact.

<u>OBJECTIVE</u> - The planned attainment of a certain condition or specific accomplishment (quantifiable or measurable), that is an integral part or phase of a strategy that contributes to accomplishing a goal. An objective should be stated in terms of results, not processes or activities, and should reflect a reasonable estimate of what is practical.

<u>OPERATING EXPENSE</u> - Those costs, other than capital improvements and debt service, necessary to support the primary services of an organization.

<u>OPERATING BUDGET</u> - A comprehensive plan expressed in financial terms by which an operating program is funded for a single fiscal year. It includes estimates of (a) the services, (b) activities and sub-activities comprising the County's' operation; (c) the resultant expenditure requirement; and (d) the resources available for their support.

<u>OPERATING FUND</u> - A fund that supports normal County operations and has regular expenditures (payroll, supplies, etc.). Included, are the General, Road & Bridge, Human Services, Open Space, and Law Enforcement Authority funds.

<u>OVERLAPPING DEBT</u> - A term used to describe the use of land to obtain debt for multiple governmental or quasi-governmental entities.

<u>PASS-THROUGH (SPECIAL PURPOSE) FUND</u> - A fund that accounts for revenues or expenditures that are not directly related to County operations. Examples are the Cash-in-Lieu Schools Fund, which receives developer contributions and passes them on to the school district; and the Local Improvement District Bond Fund, which accounts for bonded debt service fully paid by property-owner assessments and for which, the County carries only a contingent liability.

<u>PAYMENT BOND</u> - A contract of guaranty, executed after award by a successful bidder, to protect the County from loss due to a contractor's inability to pay its suppliers and / or subcontractors who assisted in the performance of the work.

<u>PERFORMANCE BOND</u> - A contract of guaranty executed after award by a successful bidder to protect the County from loss due to a contractor's inability to complete the project (contract) as agreed.

<u>PERSONAL SERVICES</u> - The cost of salary, wages, and fringe benefits for full-time, part-time, and temporary employees of the County.

<u>POLICY</u> - The County's official position regarding a specific need, problem, or issue. It establishes guidelines and direction for the County's actions. A policy may be stated as a goal or an overall plan. A governing set of principles, that establish the parameters for an organization to follow in carrying out its responsibilities.

<u>POLICY GOVERNANCE</u> - A model of governance designed to empower boards of directors to fulfill their obligation of accountability for the organizations they govern. The model enables the board to focus on the larger issues, to delegate with clarity, to control managements' job without meddling, to rigorously evaluate the accomplishment of the organization, and to effectively lead its organization.

<u>PREFERRED VENDOR</u> - A vendor that the County prefers to work with for a variety of reasons, including a long-standing historical knowledge of the project and / or work that is being done, or the deciding department's determination that they are the most qualified to perform the work. The selection of a preferred vendor usually does not follow the formal bid / proposal process but does include a lengthy justification memo detailing all the reasons why that vendor should be selected over another vendor that could provide the same type of services for a similar (and sometimes lower) price. The use of a preferred vendor must be well documented and approved by the County Manager.

<u>PRELIMINARY BUDGET</u> - The recommended County budget annually submitted by the County Manager to the Board of County Commissioners by October 15th.

<u>PROCUREMENT</u> - The activity of buying, purchasing, renting, leasing, or otherwise acquiring any supplies, services, or construction. Procurement includes all functions that pertain to the obtaining of any supply, service, or construction, including description of requirements, selection and solicitation of sources, preparation and award of contracts and all phases of contract administration. Procurement and Purchasing are used interchangeably.

<u>PROFESSIONAL SERVICES</u> – Services that are essentially intellectual in character and include analysis, evaluation, prediction, planning, or recommendation. Professional services involve extended analysis, the exercise of discretion and independent judgment in their performance, and an advanced, specialized type of knowledge, expertise, or training customarily acquired either by a prolonged course of study or equivalent experience in a field. Professional services include, but are not limited to, services performed by accountants, architects, auditors, analysts, consultants, engineers, lawyers, physicians, and planners.

<u>PROGRAM</u> - A specific set of activities directed at attaining specific objectives. The means through which, a long-range strategy is achieved. Significant strategies may be accomplished through multiple programs.

<u>PROPERTY TAX</u> - An assessment on real or personal property, creating a funding source for governmental operations, capital equipment, or public infrastructure.

<u>PROPOSED BUDGET</u> - Next fiscal year's requested budget, which is presented to the Board of County Commissioners for adoption prior to December 15th.

PROPRIETARY FUND - An accounting term for a fund with a cost-of-service focus, such as an internal service fund.

<u>PROPRIETARY INFORMATION</u> - Subject to the Colorado Revised Statutes Open Records Act, information or data describing technical processes, mechanisms, or operational factors that a business wishes to keep confidential and restricted from public access.

<u>PURCHASING</u> - The activity of buying, purchasing, renting, leasing, or otherwise acquiring any supplies, services, or construction. Purchasing includes all functions that pertain to the obtaining of any supply, service, or construction, including description of requirements, selection and solicitation of sources, preparation and award of contracts and all phases of contract administration. Purchasing and Procurement are used interchangeably.

<u>PURCHASE ORDER</u> - Legal authorization to purchase goods / services from a vendor.

<u>PURCHASE REQUISITION</u> - Request from a department / office for a purchase order.

<u>PURCHASED SERVICES</u> - The cost to obtain the efforts of individuals who are not on County payroll and who can provide a capability not available through the County's' own resources. An example is the cost of printing services.

REQUEST FOR PROPOSAL (RFP) - A procurement method that uses formal business documents to solicit competitive sealed pricing

for products or services, more conceptual in nature, whereby the vendor is the subject matter expert and is most knowledgeable in proposing a solution.

<u>REQUEST FOR QUOTE (RFQ)</u> - An informal purchasing process that solicits pricing information from several sources for items of minimal value.

RESOLUTION - A formal position or action taken and documented by the Board of County Commissioners.

<u>RESTRICTED FUND BALANCE</u> - The portion of fund balance constrained to being used for a specific purpose by external parties, constitutional provisions, or enabling legislation. Effectively, restrictions on fund balance may only be changed or lifted with the consent of resource providers.

<u>REVENUE</u> - Income received by the County in support of the governments' program of services to the community. It includes such items as property taxes, fees, user charges, grants, and fines.

<u>SALES TAX</u> - A fixed rate tax (1%) in Douglas County imposed on the sale of all tangible personal property not specifically exempted. The most notable exemptions are groceries and home heating fuel.

<u>SEBP</u> - An acronym for the Southeast Business Partnership.

SB22-238 - Legislation for the Reduction in Real Property Taxation for 2023 and 2024 Property Tax Years.

SB23-108 - Legislation for the Temporary Property Tax Credits and Temporary Mill Levy Rate Reductions.

SB23B-001 - Legislation for the Reduction in 2023 Residential Property Taxes.

<u>SERVICES</u> - The furnishing of labor, time, or effort by a contractor not involving the delivery of a specific product other than reports that are merely incidental to the required performance.

<u>SINGLE SOURCE PROCUREMENT</u> - A contract for the purchase of goods and services entered into after soliciting and negotiating with only one source, usually because of the technology required or uniqueness of the service provided.

<u>SOLE SOURCE PROCUREMENT</u> - A situation created due to the inability to obtain competition. May result due to only one vendor or supplier possessing the unique ability or capability to meet the requirements of the solicitation.

<u>SOLE SOURCE VENDOR</u> – A vendor that is selected (with the formal bid / proposal requirements waived) because they are the **ONLY** provider of a specialty product or specific service. The use of a sole source vendor must be well documented and approved by the County Manager.

<u>SPECIAL IMPROVEMENT DISTRICT (SID)</u> - A special district that has Title 32 power to assess a mill levy for property tax to support local services provided by the district along with infrastructure.

<u>SPECIAL REVENUE FUND</u> - A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

<u>SPECIFICATIONS</u> - A description of the physical characteristics, functional characteristics or the nature of supplies or services to be purchased. Specifications are created to fulfill the requirements of a department / office, to assure maximum productivity.

<u>SUPPLEMENTAL APPROPRIATION</u> - An act by the Board of County Commissioners to transfer budgeted and appropriated monies from one spending agency to another, whether the agencies are in the same or different funds. Funds received that were not planned during the budget cycle can be appropriated and expended only after approval via this supplemental appropriation process. Also, if the County receives revenues that were not anticipated or assured at the time of budget adoption, those revenues can be used in the current fiscal year only after being approved for use via supplemental appropriation.

<u>SUPPLIES</u> - The cost of goods acquired for consumption or resale, such as, but not limited to, equipment, materials, and insurance. The term does not include land, water or mineral rights, workers' compensation insurance or benefit insurance for County employees.

<u>TABOR -</u> Amendment to the Constitution of the State of Colorado approved by the voters that generally limits the amount of revenue governments in the state can retain and spend. Absent voter approval, it requires excess revenue to be refunded to taxpayers.

<u>TANF (TEMPORARY AID TO NEEDY FAMILIES BLOCK GRANT)</u> - Federally funded program to provide temporary assistance to needy families.

<u>TAX INCREMENT FINANCING (TIF)</u> – TIF is a mechanism for capturing the future tax benefits of real estate improvements, to pay for the present cost of those improvements. TIF is generally used to channel funding toward improvements in distressed or blighted areas where development would not otherwise occur.

<u>TAX RATE</u> - The tax rate set by a taxing entity, that, when applied to the assessed value of property, generates property taxes. For example, a 1.9774% levy against a home with an actual value of \$350,000 would generate \$523 in property taxes for Douglas County Government. *See also Mill Levy*.

<u>TAXING ENTITY</u> - A governmental unit empowered to levy its own property taxes. The County, municipalities, school district, and various forms of special districts are all taxing entities.

TELECOMMUNICATIONS - Telephones and the associated systems hardware and software for complete telephone operations.

<u>TITLE 32</u> - As political subdivisions of the State of Colorado, special districts are required to submit required filings to various state agencies throughout the year. These filings are primarily financial, but also include election results, lists of board of directors, and others. Examples of Title 32 Districts include: Ambulance, Fire Protection, Health Assurance, Health Service, Metropolitan, Parks and Recreation, Sanitation Water, and Water and Sanitation.

<u>TITLE IV-E WAIVER</u> - The Colorado Department of Human Services uses funding from the Title IV-E capped allocation to meet three federal goals in permanency for children, positive outcomes for children and families, and prevention of child abuse and neglect, with focus on the implementation of family engagement, permanency roundtables, and kinship supports.

<u>TRANSFERS</u> - The movement of monies from one fund to another. The monies are considered a revenue source for the receiving fund and a revenue use for the originating fund.

<u>UNASSIGNED FUND BALANCE</u> - The residual portion of fund balance that does not meet any other fund balance restrictions. The County will only report a positive unassigned fund balance in the General Fund.

<u>UNREALIZED GAINS AND LOSSES</u> - Gains or losses on securities purchased but not sold. GASB 72 requires governments to report investments at the current fair value to enable comparability of government financial statements. Also referenced as "mark-to-market" gains and losses, these are "paper" profits or losses since the actual gain or loss is not determined until the position is closed.

<u>USE TAX</u> - A tax (1%) in Douglas County for the privilege of using or consuming of Douglas County construction materials and motor vehicles purchased at retail. The construction use tax is collected by the Building Department at the time building permits are issued and is applied to 50% of the building permit value. The Clerk and Recorder collects the motor vehicle use tax.
