

Bayou Gulch Road

Roadway improvements in Pradera

Project Summary

Douglas County is improving Bayou Gulch Road between Pradera Parkway and Scott Avenue by installing a new storm sewer system, asphalt pavement, and a continuous sidewalk.

After construction, the entire road - from Pradera Parkway to Scott Avenue - will have one lane in each direction paved with asphalt, three-foot shoulders, and a continuous concrete sidewalk.

Construction will be done in two phases, beginning in late June 2023. Construction is expected to be complete in June 2024. Ultimately - when traffic volume warrants - two lanes in each direction will be paved with asphalt.

Contractor	Project Cost	Project Timeline
IHC Scott	\$5.2 million	Summer 2023 to Summer 2024
