Out-Of-State Titles and Out-Of-State Reassignment Forms/Odometer Disclosures

DR 2174 STATE OF COLORADO POWER OF ATTORNEY FOR A MOTOR VEHICLE

The Power of Attorney for a Motor Vehicle form (also known as a Secure POA) is a 5-part form on secure paper used by Colorado Dealers and Lienholders to acknowledge the odometer reading and transfer interest when the physical title is not available at the time of sale and/or trade-in - i.e., held by a lienholder, an ELT title or the original title has been lost or destroyed. This form allows the dealer to obtain the title from the previous lienholder, a duplicate title, or an updated title without lien information. The previous owner(s) completes this form at the time the vehicle is transferred to the dealer, eliminating the need for the owner to release interest on the title at a later date. The original copy is submitted with the Title Packet to the county, multiple carbon copies are for the dealer and the state, and one carbon copy is for the customer.

SALES AND USE TAX OVERVIEW

Sales Tax is a tax imposed upon the **purchase price** of tangible personal property sold in the state of Colorado. Sales tax for vehicle purchases is collected by the dealer at the time of the sale for each common jurisdiction of the dealer and the purchaser. The dealer remits sales tax to the state using the DR 0100 for state sales tax and all county or statutory city sales tax. The dealer remits city sales tax for home rule cities directly to the city.

Use Tax is a tax imposed on the storage, USE, or consumption in Colorado of tangible personal property upon which sales tax has not been paid. Use tax is due at the time of titling and/or registering the vehicle in the county of the purchaser's residence or purchaser's business for business sales. Commonly, the dealer will collect the use tax due from the customer at the time of sale and remit the use tax to the county with the title paperwork. A Statutory city or county is a jurisdiction for which the state of Colorado administers the collection and disbursement of sales tax. Douglas County is a statutory county.

A Home Rule city is a jurisdiction that creates and regulates its own taxing rules and determines the method of the collection of all sales tax. Douglas County Home Rule cities are self-collected jurisdictions, meaning they collect sales tax directly from the dealer when the dealer and purchaser are located within the same jurisdiction for vehicle purchases and the lessor for leased vehicles.

- **DR 1002 Colorado Sales/Use Tax Rates** - a tax form issued by the state of Colorado in January and July of each year. The form provides information on current sales and use tax rates for both statutory and home rule jurisdictions as well as exemptions that statutory jurisdictions recognize.
- **DR 0100 Colorado Retail Sales Tax Return** - tax form used by dealers to remit all sales tax collected for the state of Colorado and other statutory jurisdictions
- **DR 0440 Lessor Registration for Sales Tax Collection** - tax form used by lessors to apply for a Colorado tax account number and site IDs which allows the collection and remittance of sales tax to the state for Colorado and other statutory jurisdictions for leased vehicles. The lessor must have a valid site ID for all jurisdictions it leases to in Colorado including home rule cities. The lessor must also have permission to collect sales tax for each home rule city.
- **Sales & Use Tax Topics: Motor Vehicles** - a tax document issued by the state of Colorado with information for the correct collection of sales and use tax for motor vehicle purchases and leases.
- **Purchase Price and Motor Vehicle Fees** - a tax document issued by the state of Colorado enhancing but not replacing the Sales & Use Tax Topics: Motor Vehicles.

WHEN MISTAKES HAPPEN

When a Title Packet submitted to the Douglas County Vehicle Licensing office contains errors, it will be returned to the dealership or lienholder with a reject letter. This letter will contain information with what is in error and possibly instructions on how to fix the error. Many errors can be corrected and/or clarified with a DR 2444 Statement of Fact. The acceptance of documents in error with a DR 2444 Statement of Fact may vary case by case. When in doubt, contact our office to review the error and be prepared to scan or fax the document in question.

DUPLICATE TITLE VS. LIEN UPDATE TITLE

With the implementation of the DRIVES system, a duplicate title can no longer be processed for an owner or dealer agent with the Power of Attorney when an active lien is present. An additional process has been added by the state of Colorado to allow a new title to be processed without the lien information when the owner or dealer is provided a lien release without the title. This is an **Update Title** and must be processed in the county the vehicle is domiciled. Determining which processed needs to be followed depends on the status of the lien at the time of application. The DR 2539A Duplicate Title/Lien Request and Receipt form has been revised to include both processes. The second page contains detailed instructions for using the form.
