[Spruce Mountain Road Improvements \(at Spruce Mountain Trailhead\) Project](#)

This Project began the construction widening this week to continue through July 2019. The widening improvements are to accommodate a new southbound right turn lane and a northbound left turn lane into the Spruce Mountain Trailhead parking lot to increase traffic safety for this well used hiking destination. 53 Corporation, LLC will have traffic control signage for roadway shoulder closures in place to accommodate their roadside construction zones. The shoulder closures will be in place throughout the duration of construction. As construction operations progress, use of lane closure and flagging operations will be communicated ahead of time.

For further information, please contact Bret Banwart, Project Manager, at bbanwart@douglas.co.us

[I-25 South Gap Project](#)

Daytime work underway on I-25 median for South Gap project between Monument and Castle Rock
