Use of the County Logo

The horizontal logo format is the County's primary branded logo and should be used on all internal and external documents that will accommodate this format. Knowing that not all formats will accommodate a horizontal logo, a vertical logo was created as your alternative. (View example of Vertical logo at the end of this document).

The County logo needs to be a comfortable size that is not too large but not too small. If the logo is too large it will take up high priority real estate as well as holding the reader's attention too long. If the logo is too small it will become illegible. It is preferable to place the logo on a white or almost white background.

A circular logo was created for digital media use ONLY. For branding consistency, we respectfully request that the circular logo use be limited to digital media and not for print material. There is a smaller vertical logo version available for printing needs. Consult the County's Communication and Public Affairs Director, [Wendy Holmes](#), with questions or for clarity. (See example of Circular/Digital logo at this document).

Board Priorities Icons

The icons below were created to brand and illustrate the Board of County Commissioners' Six Strategic Priorities (www.douglas.co.us/government/commissioners/board-priorities/). With the introduction of these six representative icons, four secondary County colors were introduced (purple, gold, grey, and blue). These four secondary colors joined the two, long-standing primary County colors (burgundy and green) that are featured in the County's logos. When considering the use of these icons please recognize the alignment they have with specific Board priorities.

Acceptable Usage continued

Color and Image Design: The county logo should always use the standard pantone colors or be shown in black and white.

When using the logo on a background other than white, it is acceptable to use a light grey or light tan color. The two primary logo colors can also be used with the logo in white.

When placing the logo on an image it is acceptable to use a color logo as long as the logo can stand out from the image. When the image is too busy to place the logo into it, placing a transparent background is acceptable. Placing a black and white logo into an image is also acceptable.

Douglas County Vertical Logo - all acceptable color schemes, same as horizontal logo as described in previous pages.

Douglas County Circular/Digital logo. **For use in digital media - NO PRINTED MATERIAL.**
