

# Inverness Drive Bridge Repair

## Upcoming Closures: July 5-Aug. 18

In 2020, Douglas County repaired cracks on the Inverness Drive South bridge over Cottonwood Creek. Further safety inspections revealed the need to design and construct permanent repairs to the bridge surface. To safely complete construction, a 45-day closure of Inverness Drive South, just east of Inverness Way, is necessary.

### Inverness Drive Road Closure

Contractor	Project Timeline	Contact Information
HEI Civil	Late June to August 2023	sowens@douglas.co.us 303-660-7328
